C H R Y S L E R

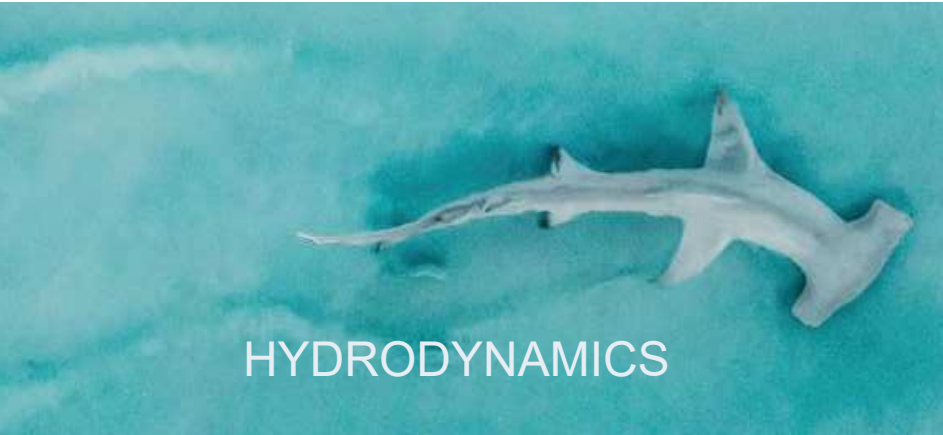

01.

BRIEF.

The brief was to design a boat together with its trailer, creating a coherent concept adapted for both road and water use.

INSPIRATION.

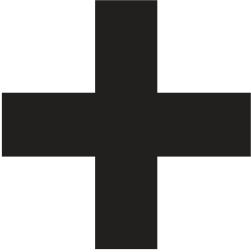

01.

INSPIRATION.

Inspired by American design influences, the project reflects bold proportions, strong character, and a confident visual identity.

02.

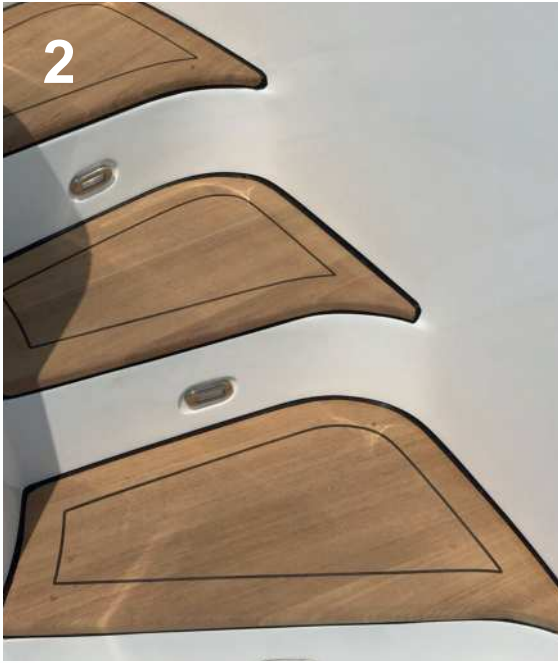

CONCEPT.

The concept combines a boat and a trailer in one design, allowing seamless transition between road transport and water navigation.

CMF.

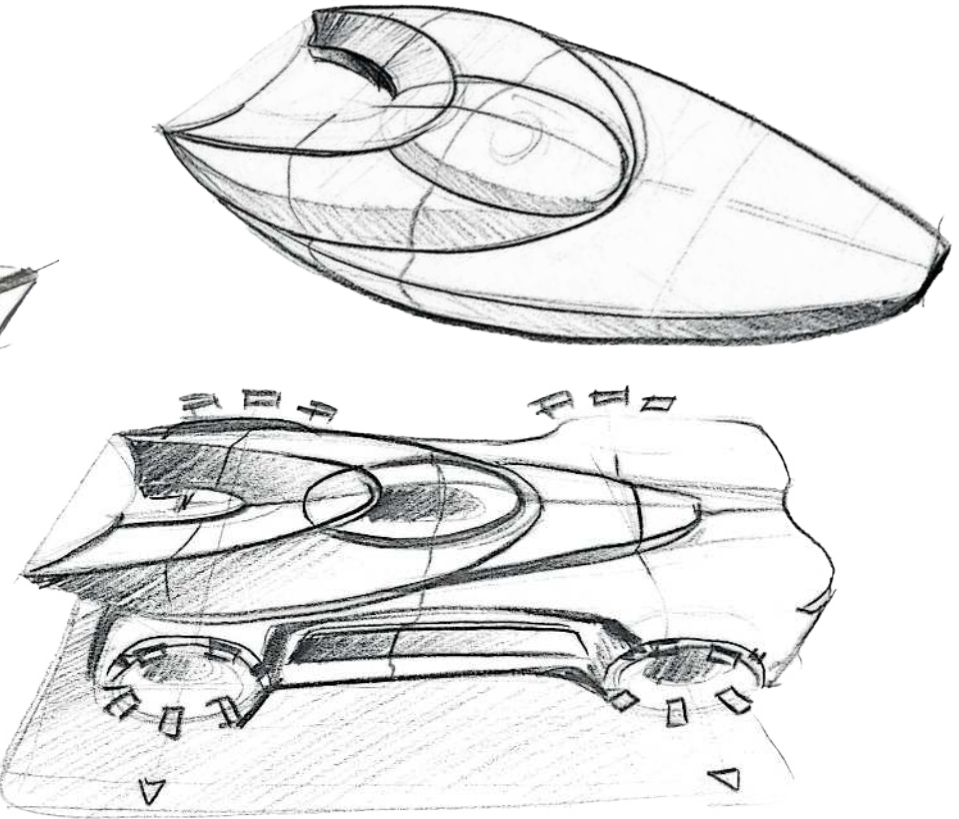

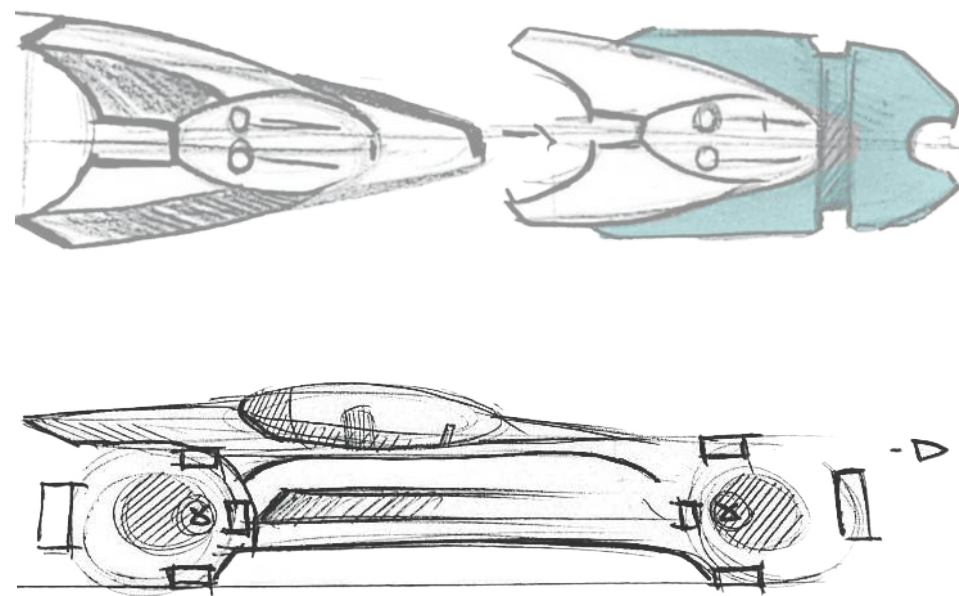

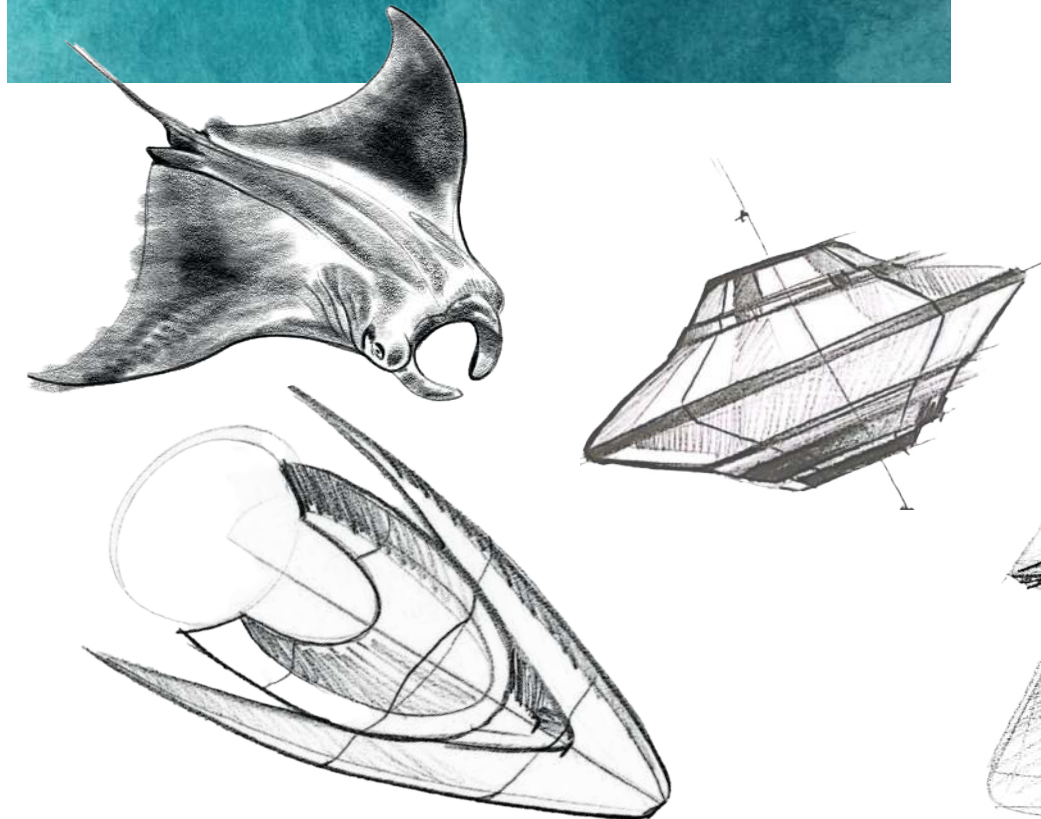

MOOD

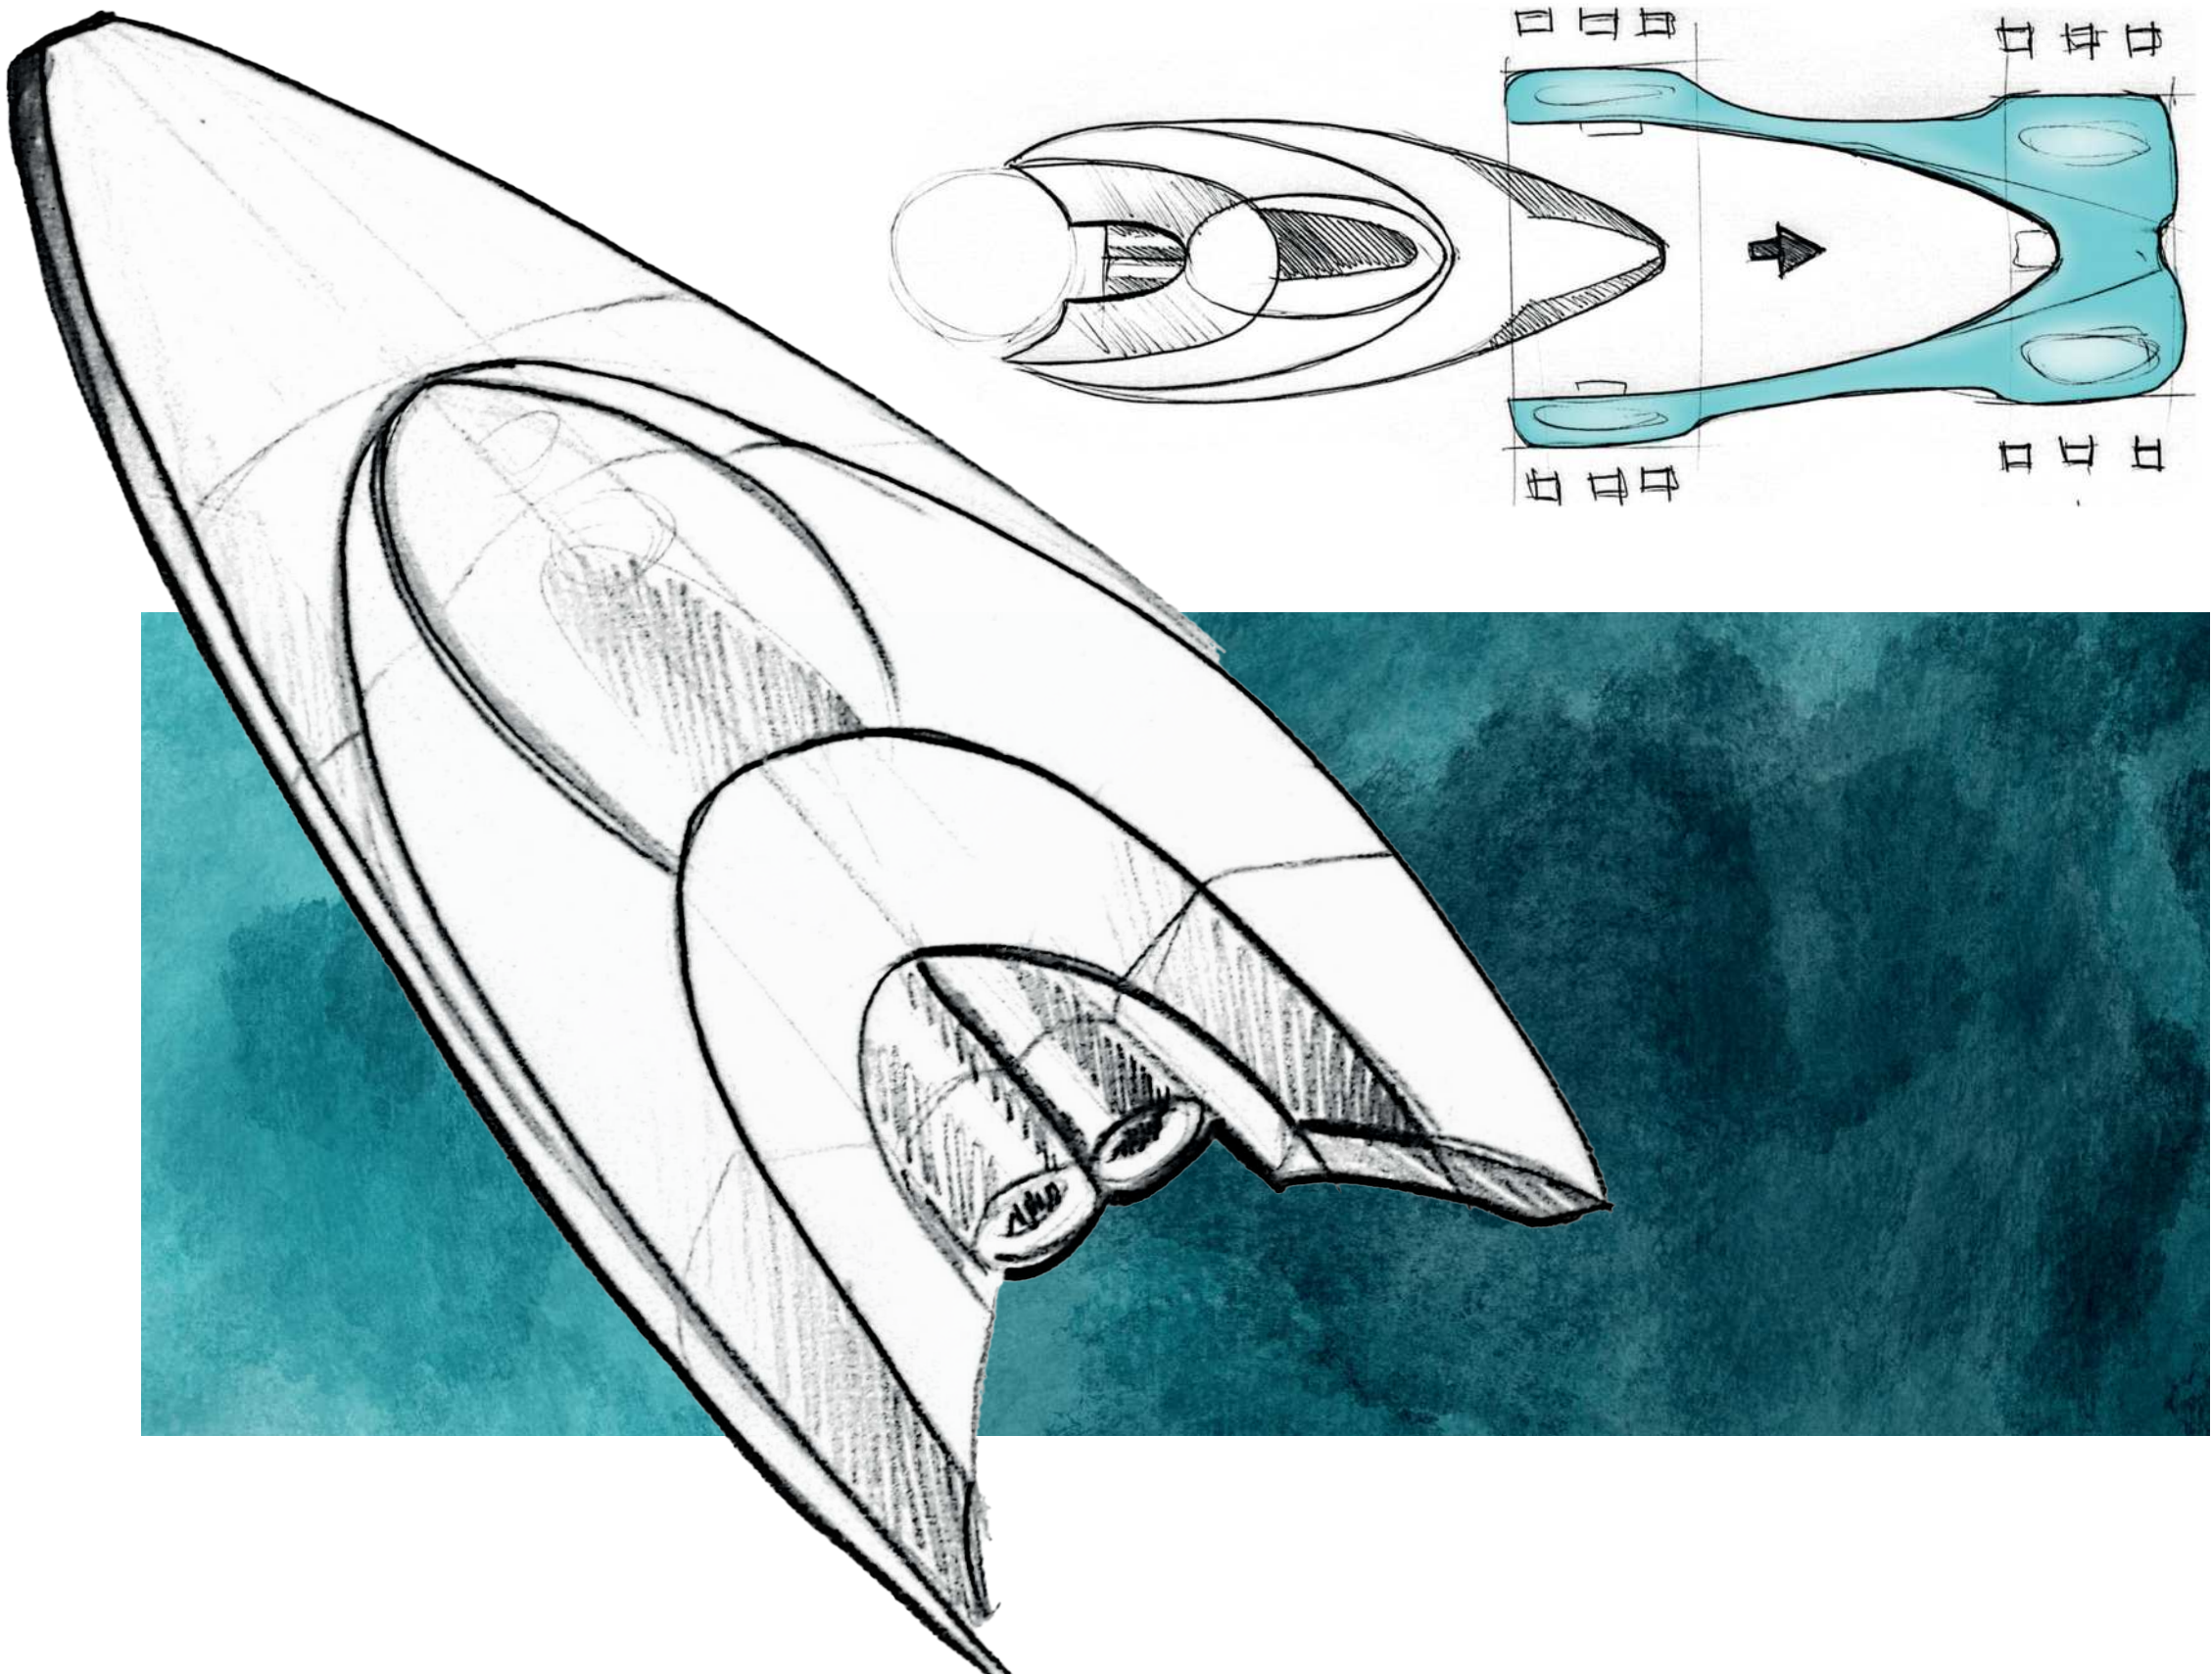

- 1- Beige textile
- 2- Wood
- 3- Glass
- 4- Chrome
- 5- Sparkling paint

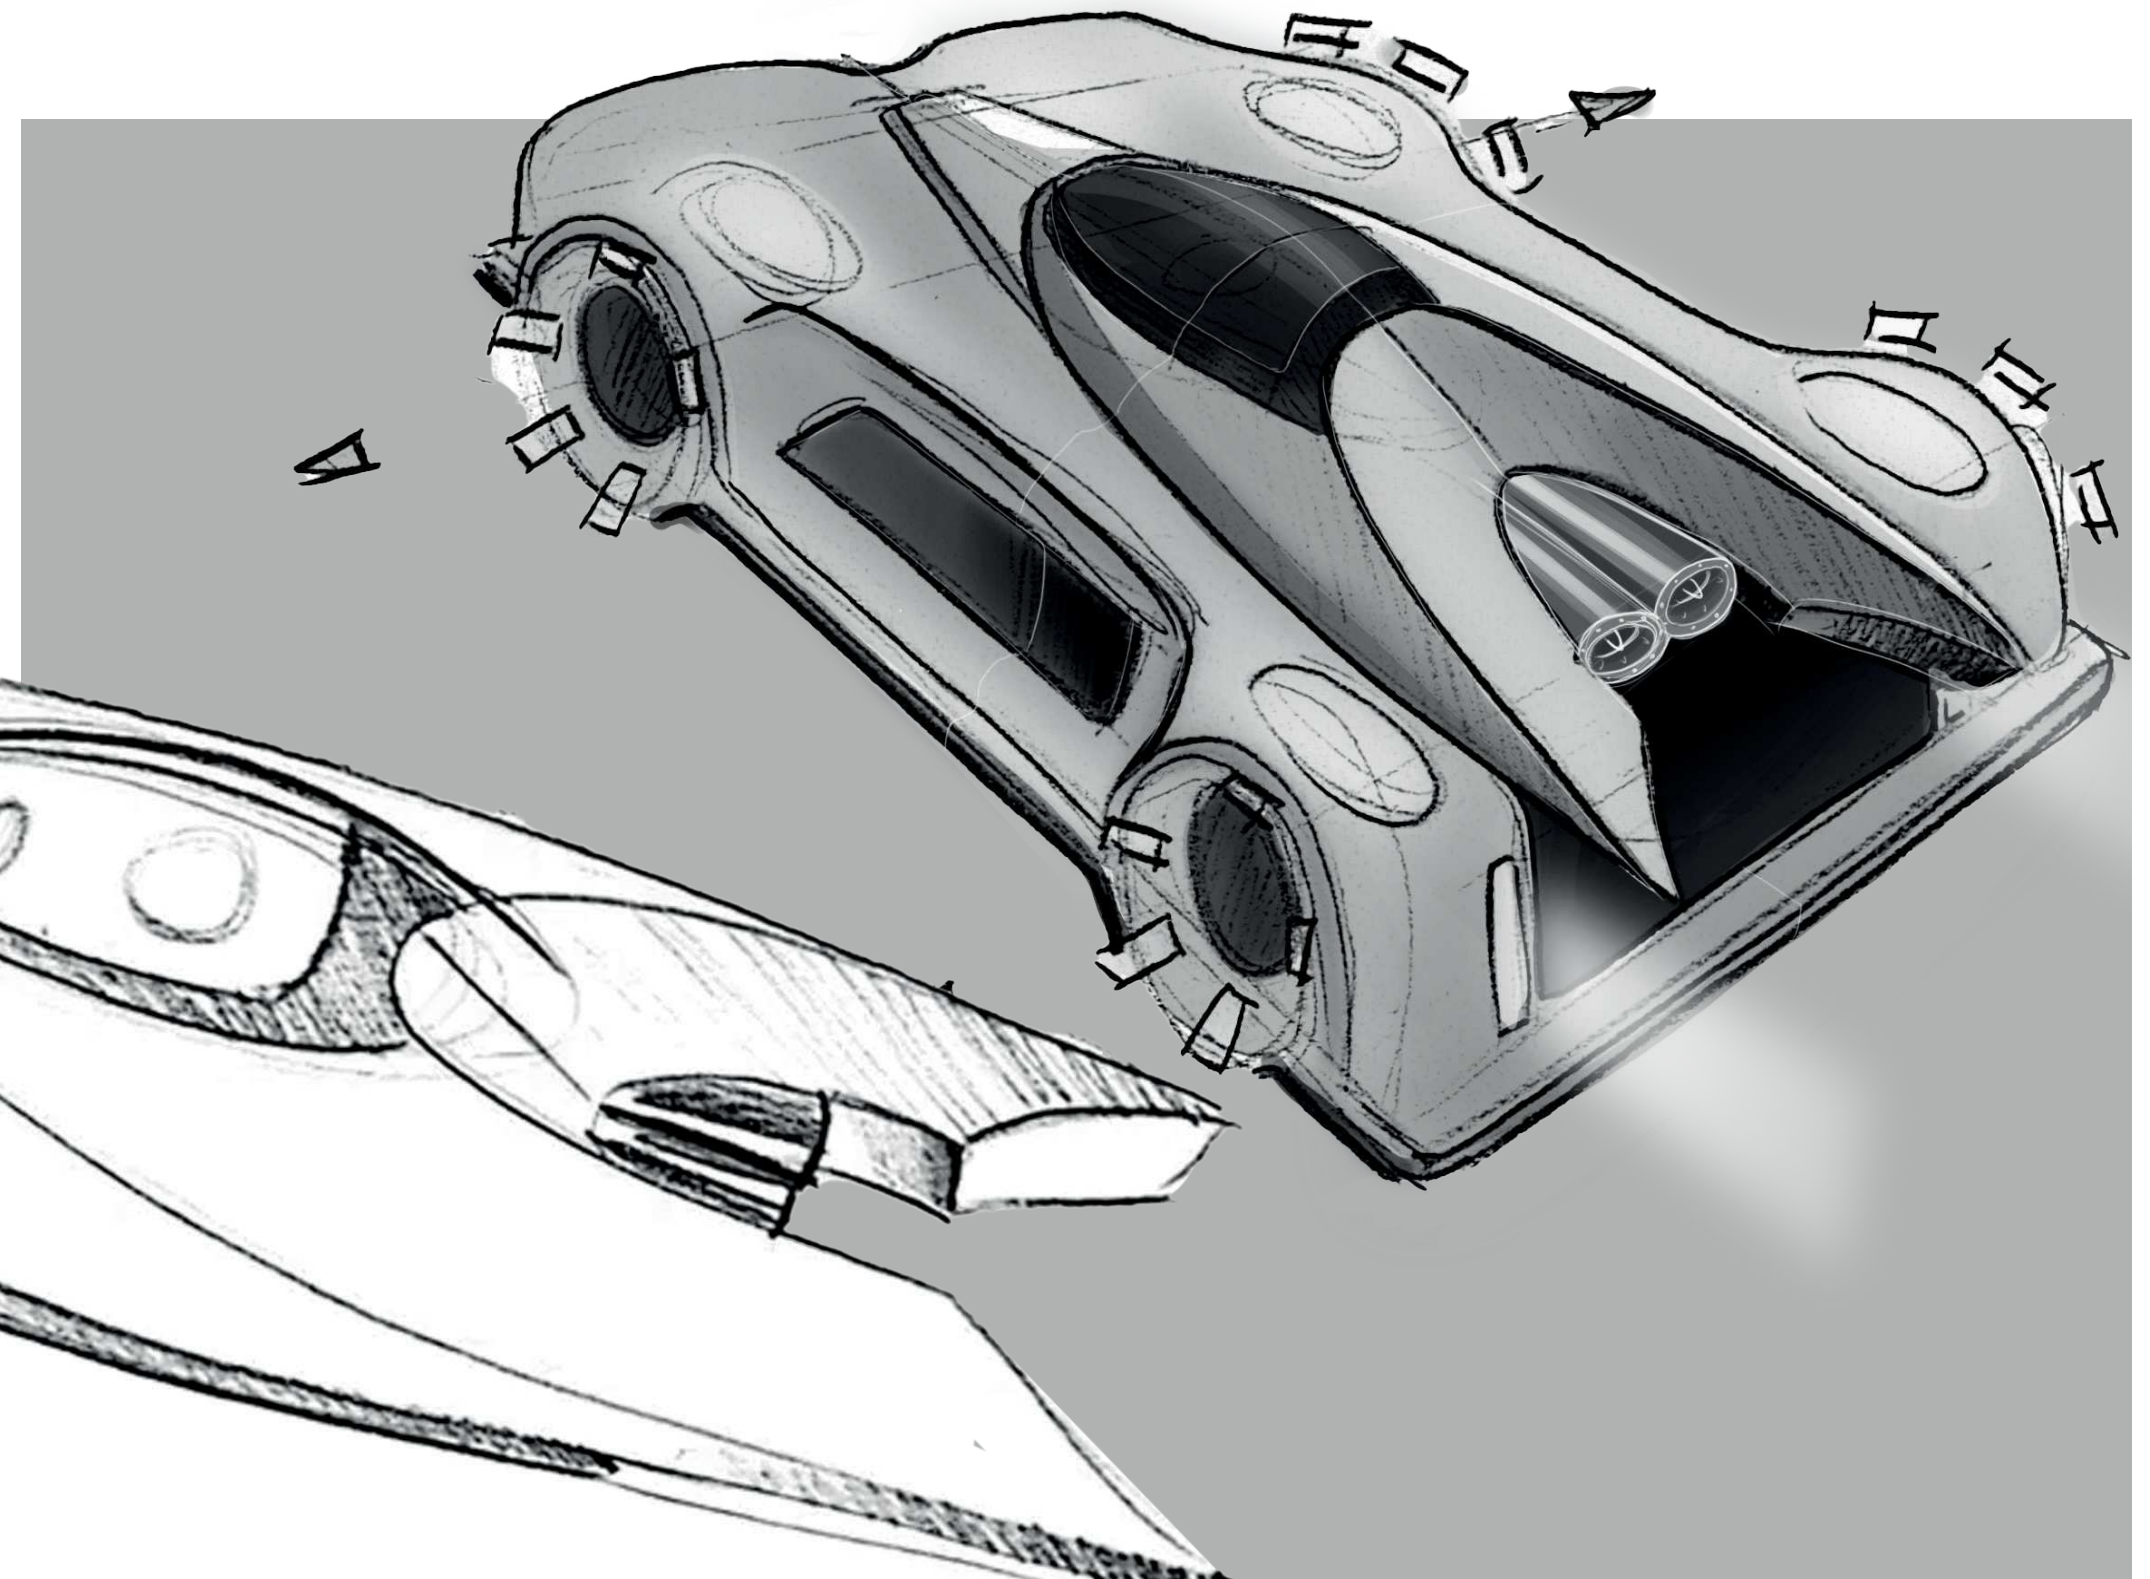

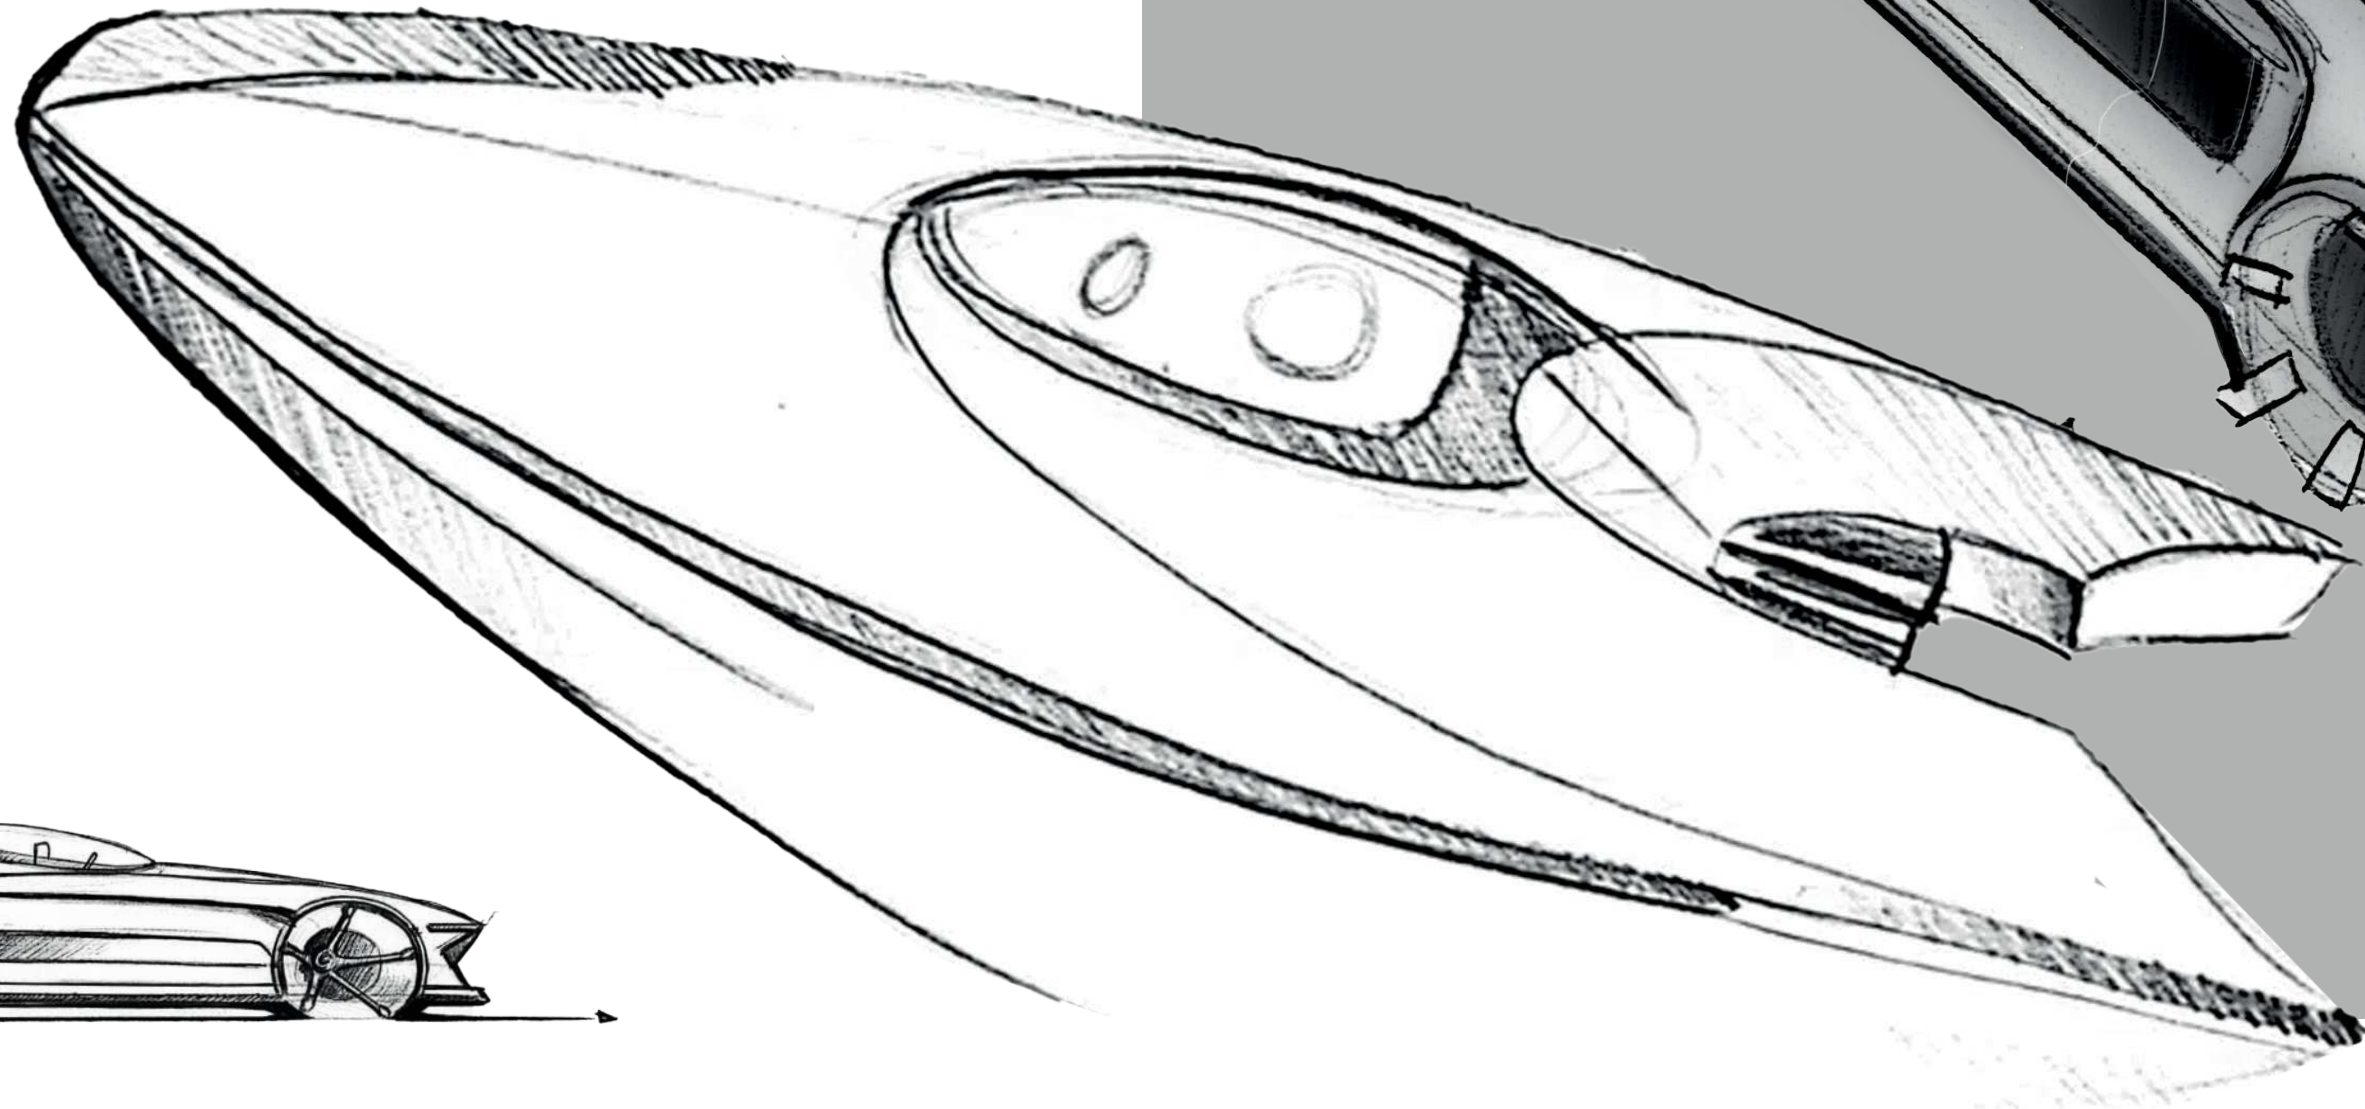

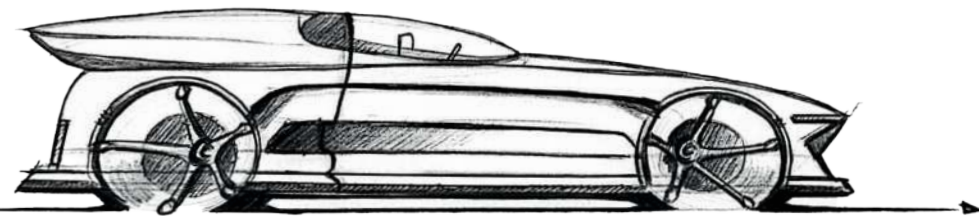

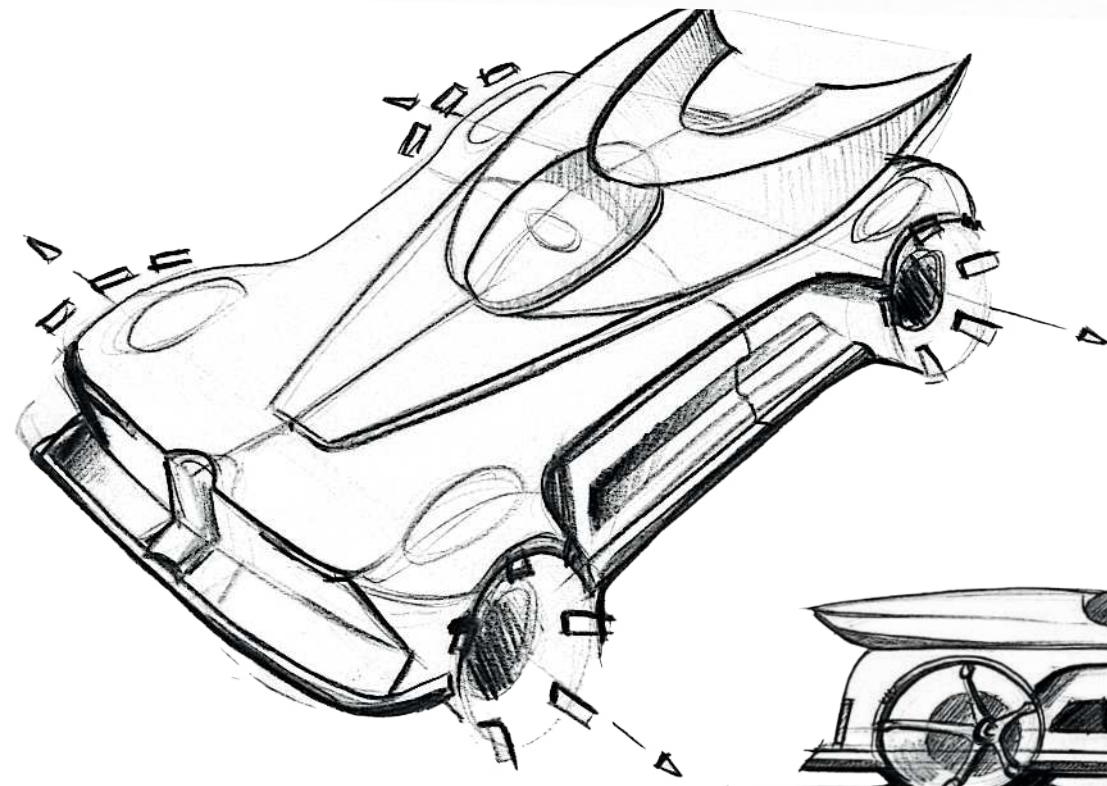

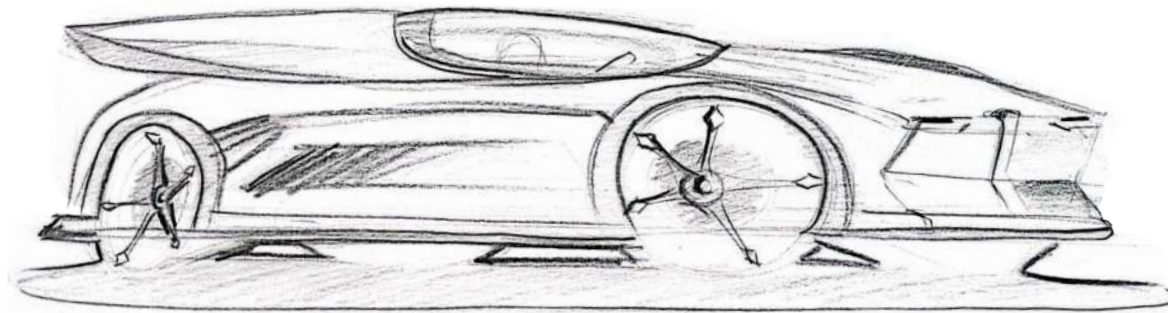

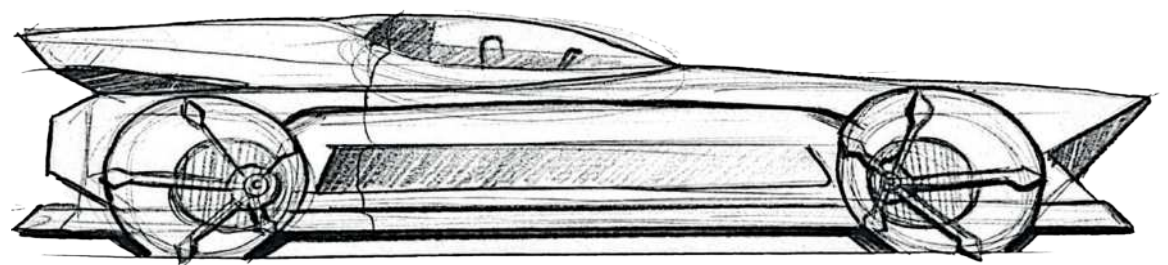

RESEARCH.

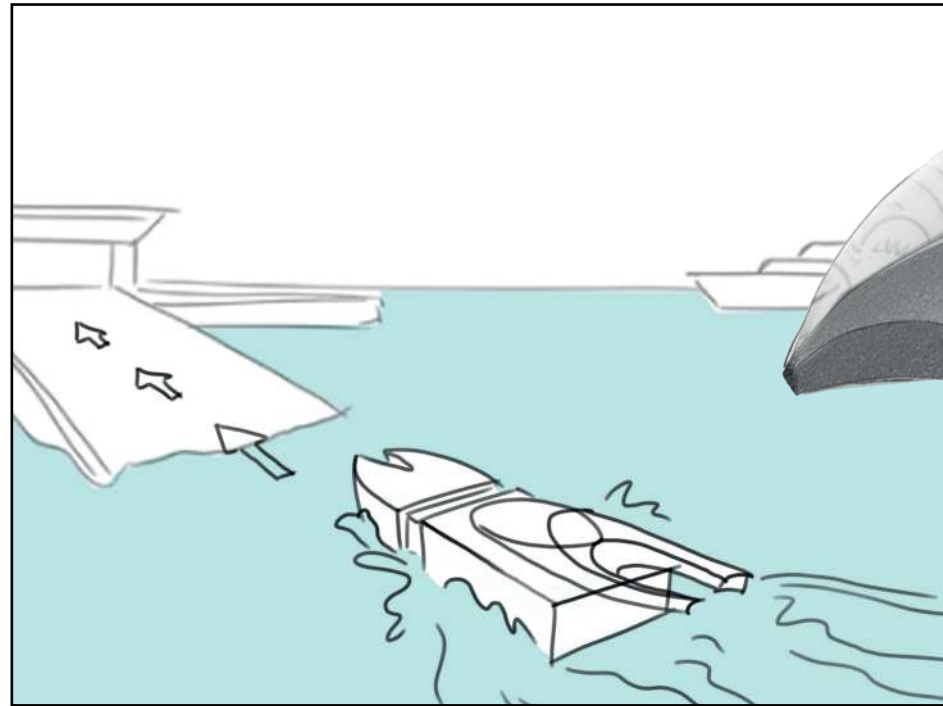

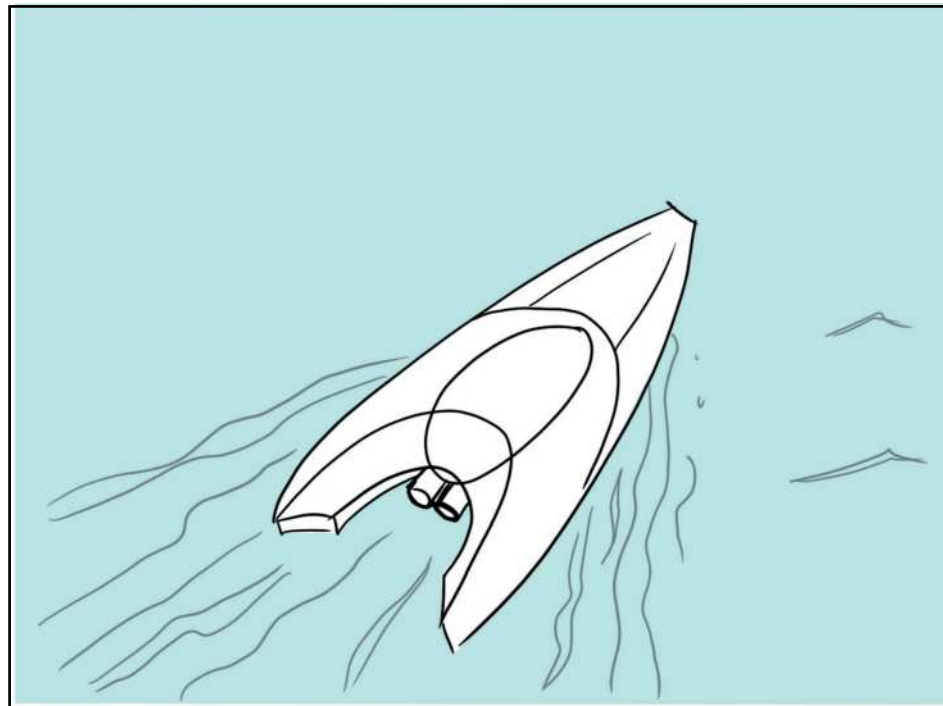

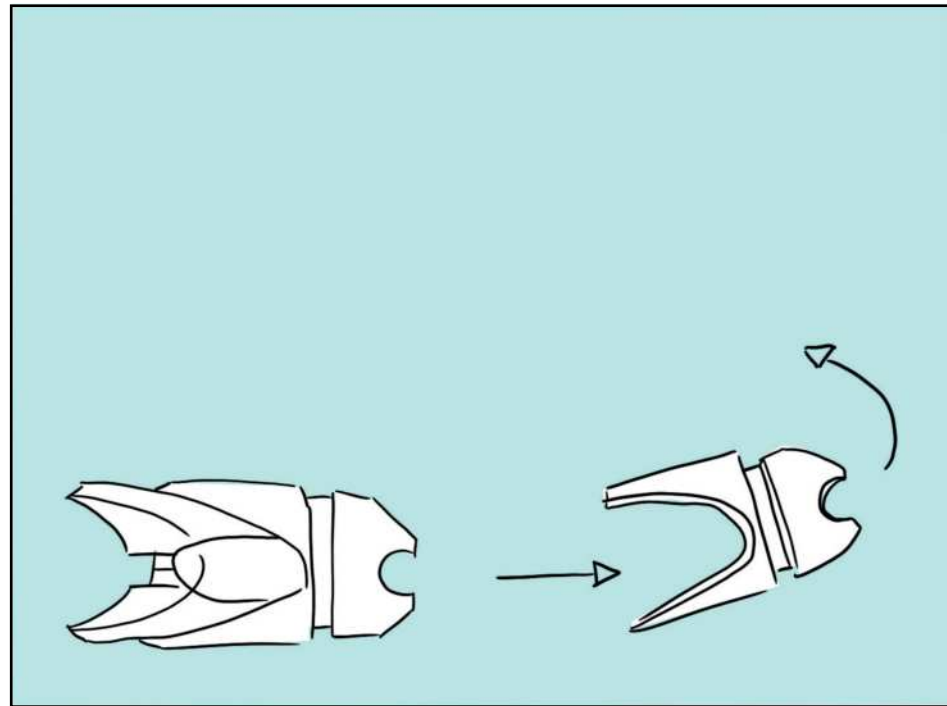

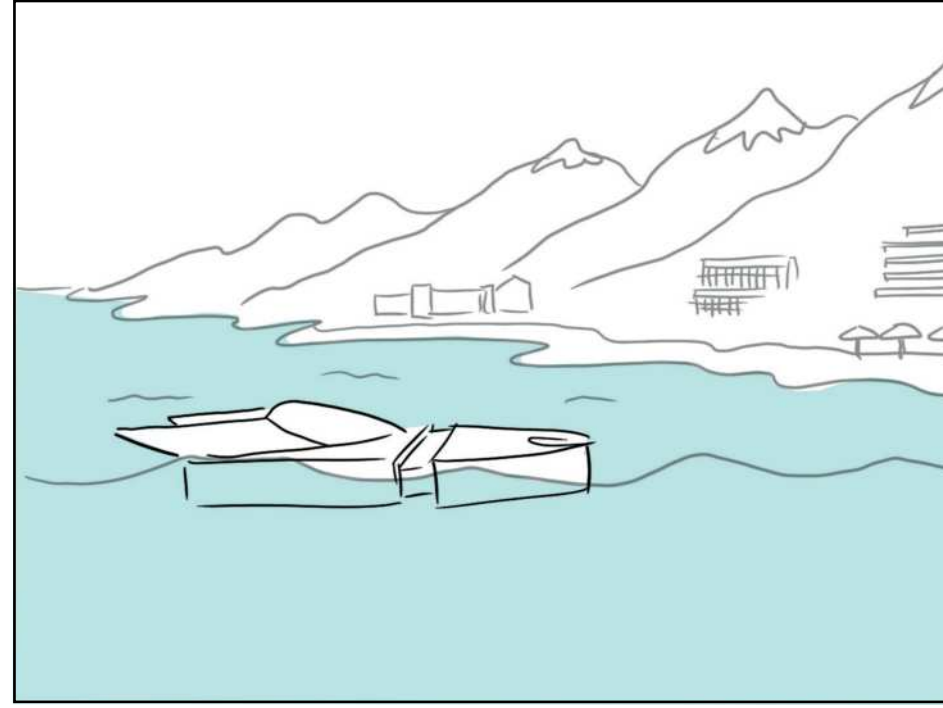

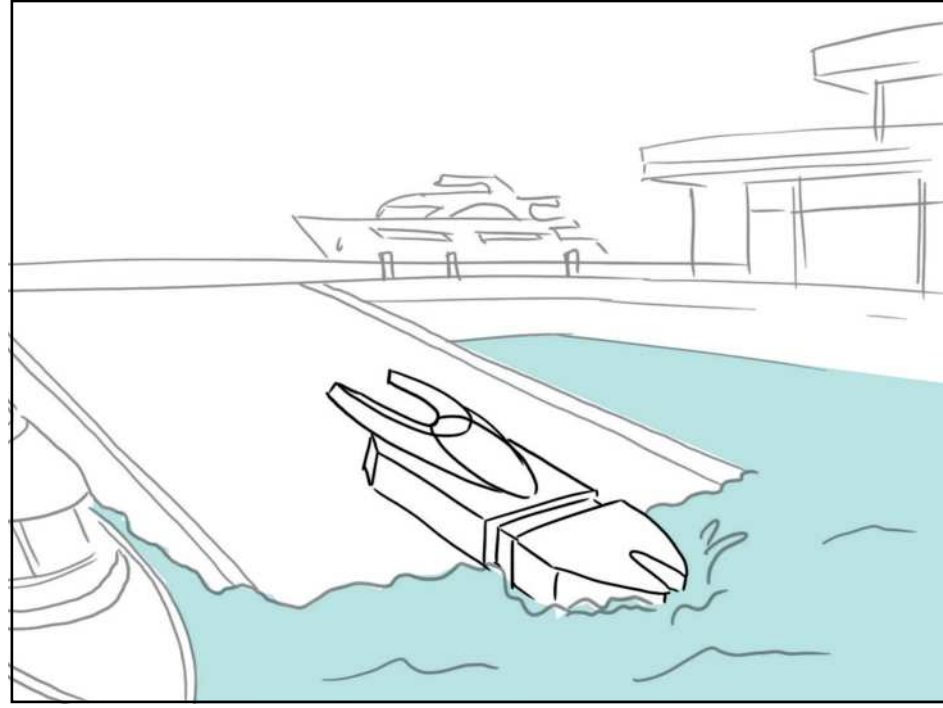

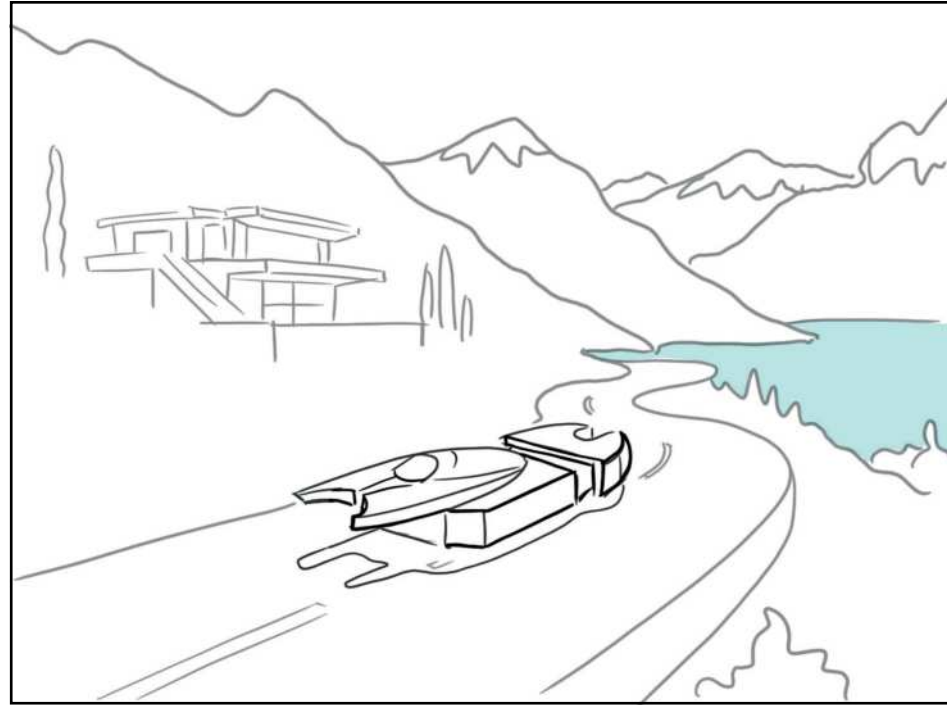

The concept combines a boat and a trailer in one design, allowing seamless transition between road transport and water navigation.

DEFINING.

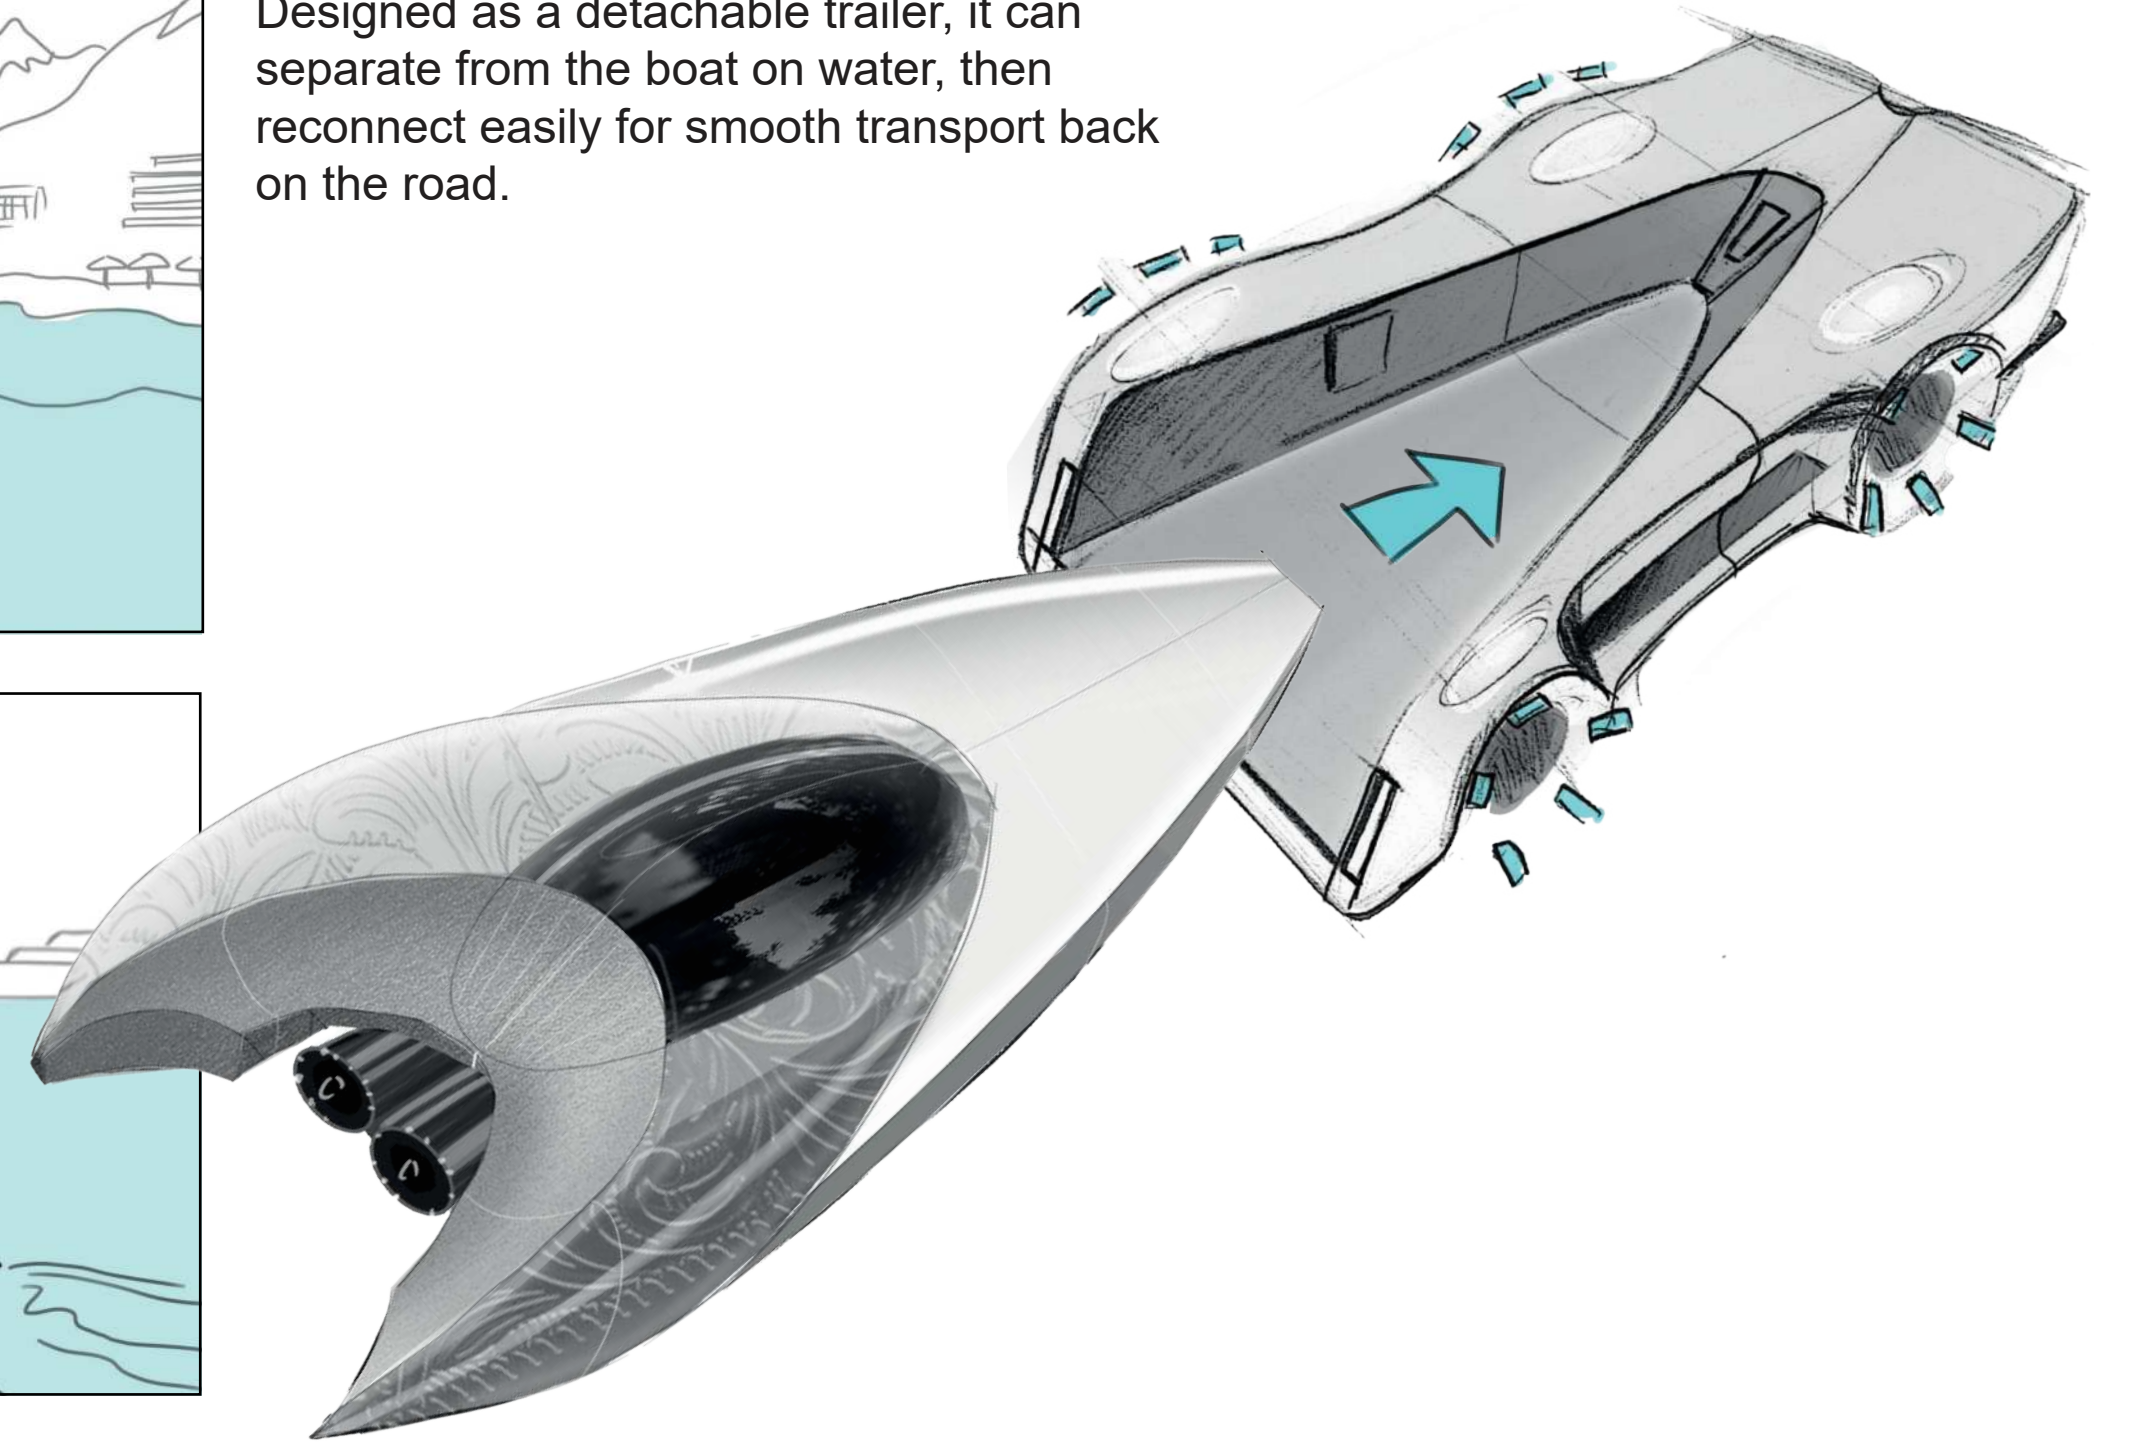

USAGE.

DESCRIPTION.

Designed as a detachable trailer, it can separate from the boat on water, then reconnect easily for smooth transport back on the road.

FINAL.

02.

BRIEF.

The ultimate automotive challenge: remastering the legendary De Tomaso Pantera by fusing its raw, retro brutality with cutting-edge modern engineering

INSPIRATION.

01.

INSPIRATION.

A dark, high-contrast aesthetic that blends sharp, aggressive angles with sleek, organic tension to evoke a sense of dangerous elegance and raw, sophisticated power.

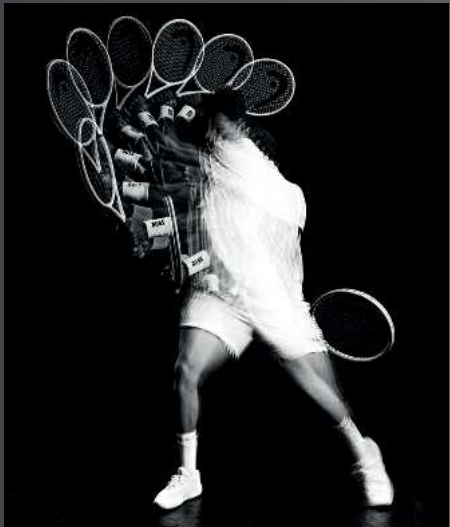

02.

CONCEPT.

A striking fusion of automotive worlds: marrying timeless, dramatic Italian styling with the raw, visceral muscle of a classic American Ford V8 engine.

CMF.

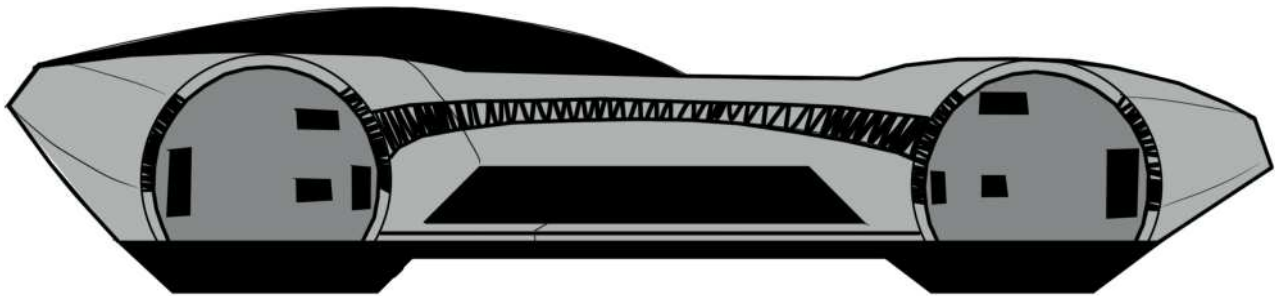

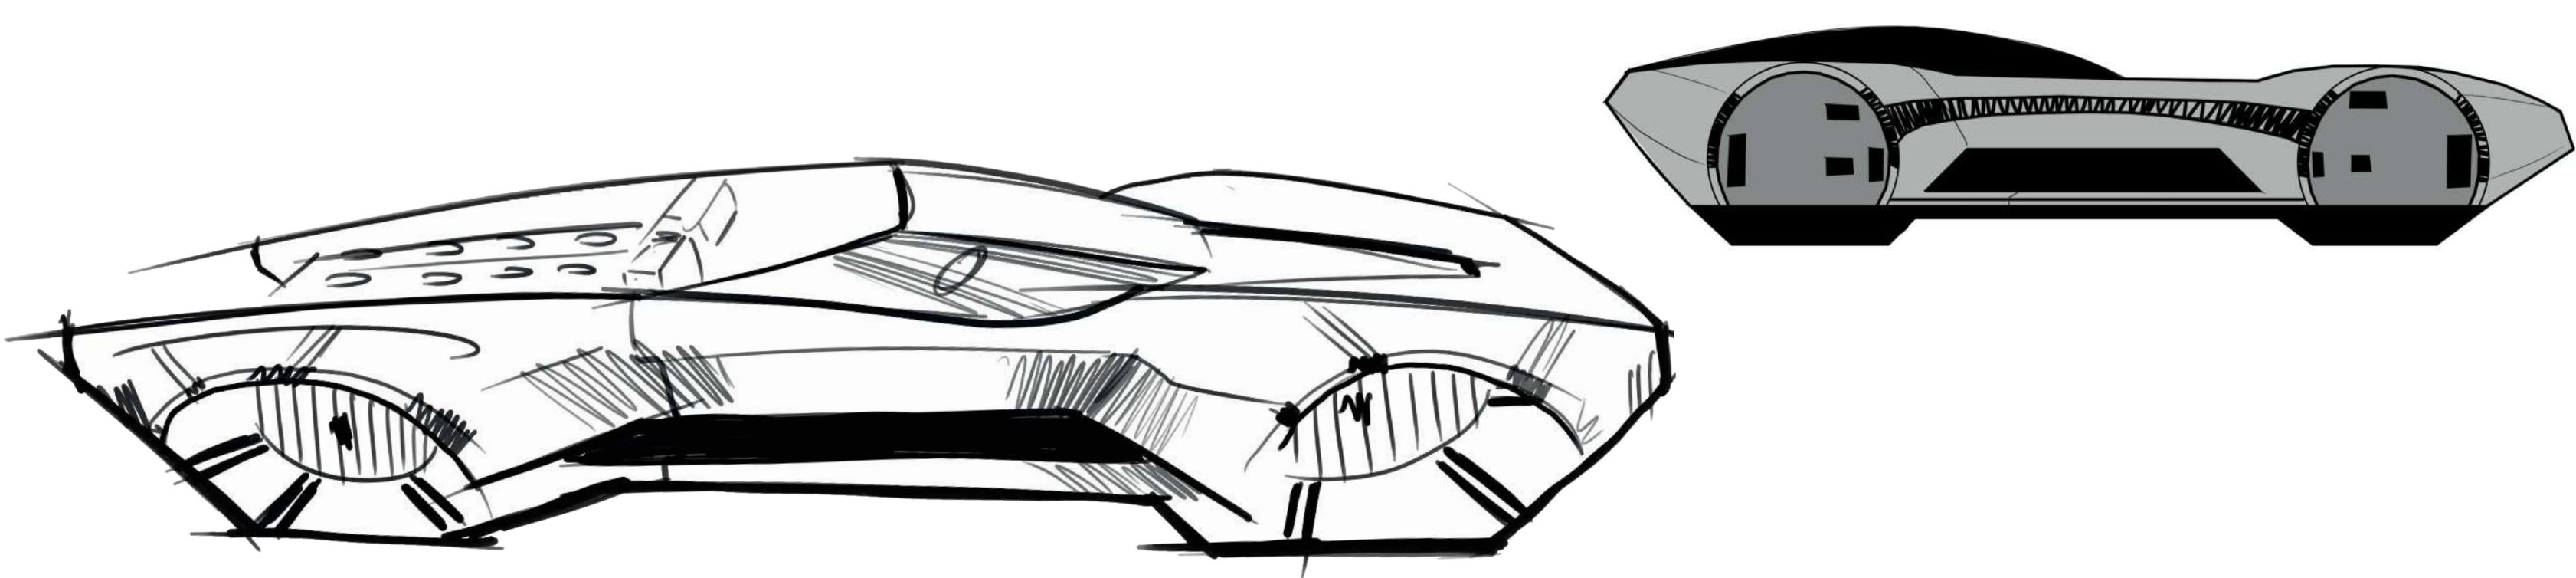

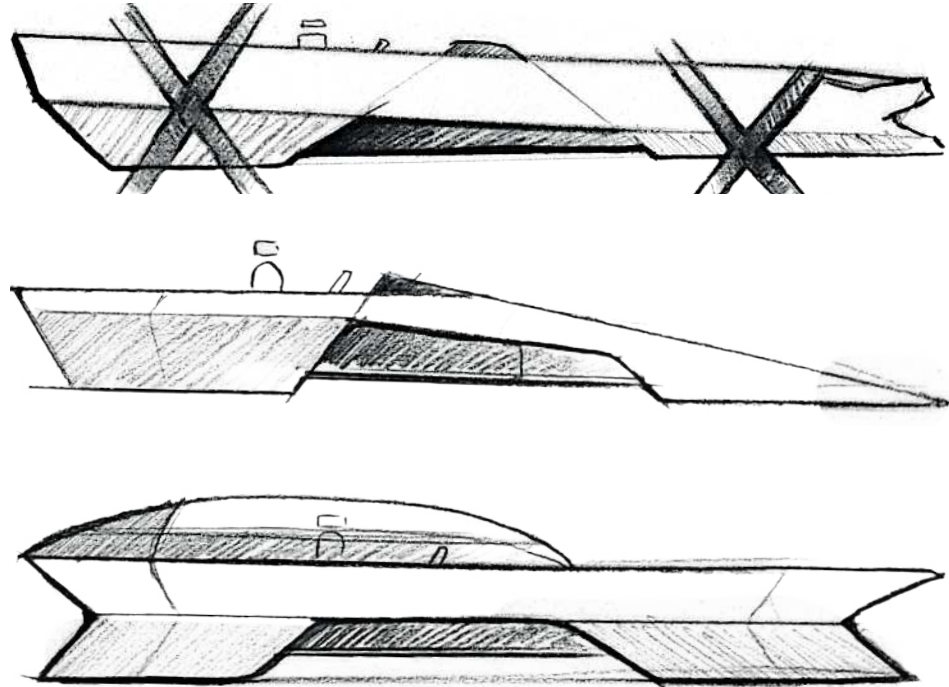

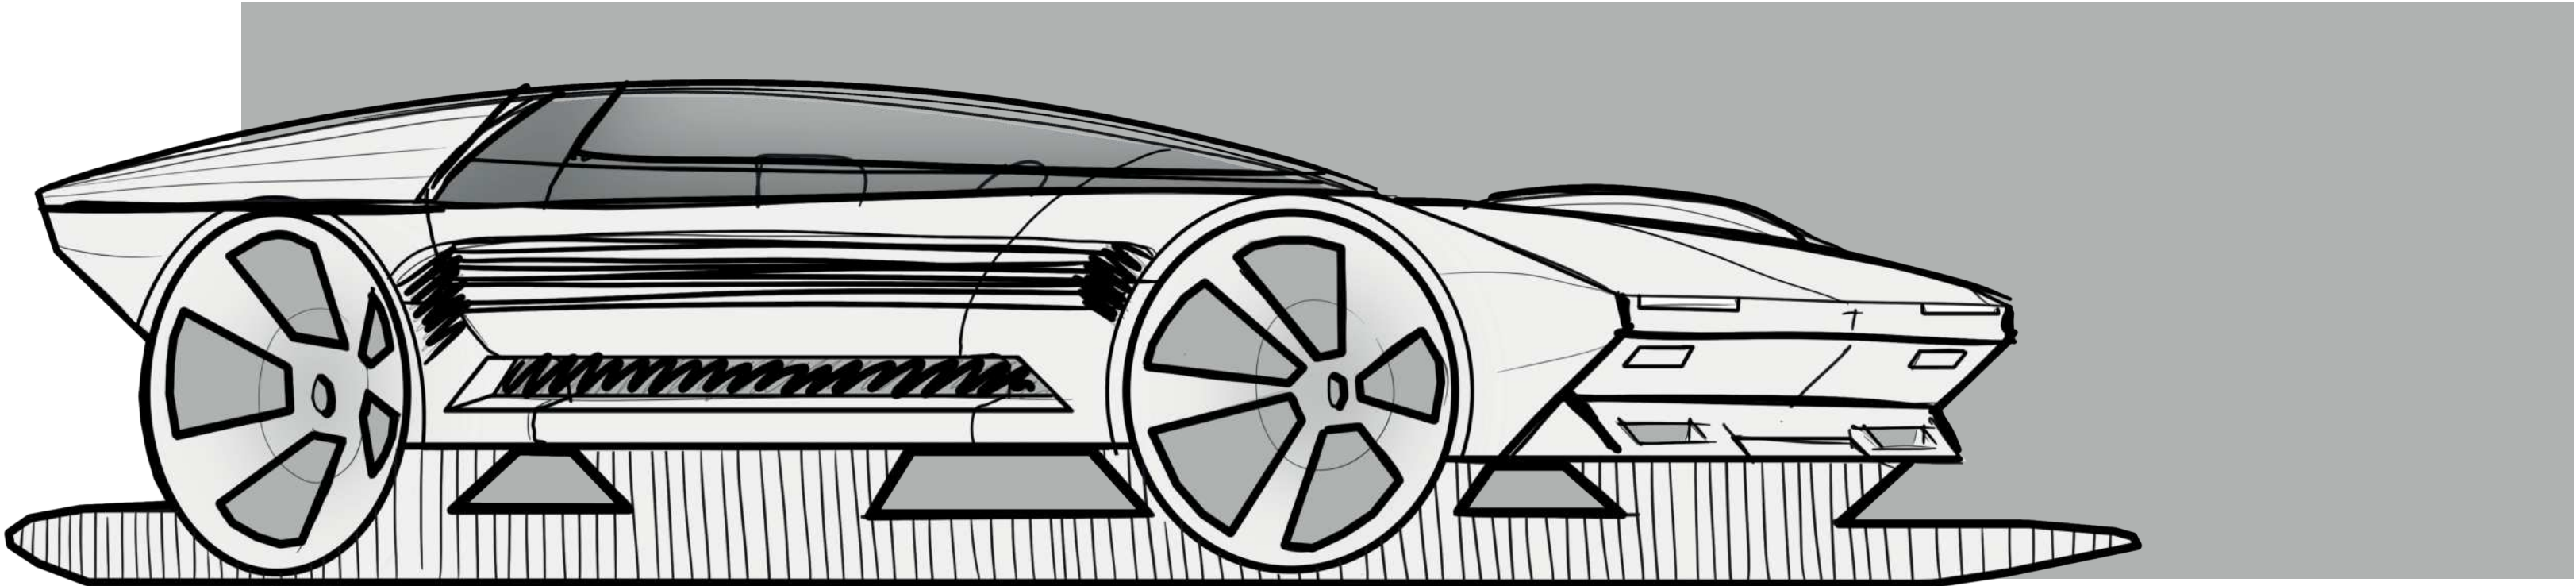

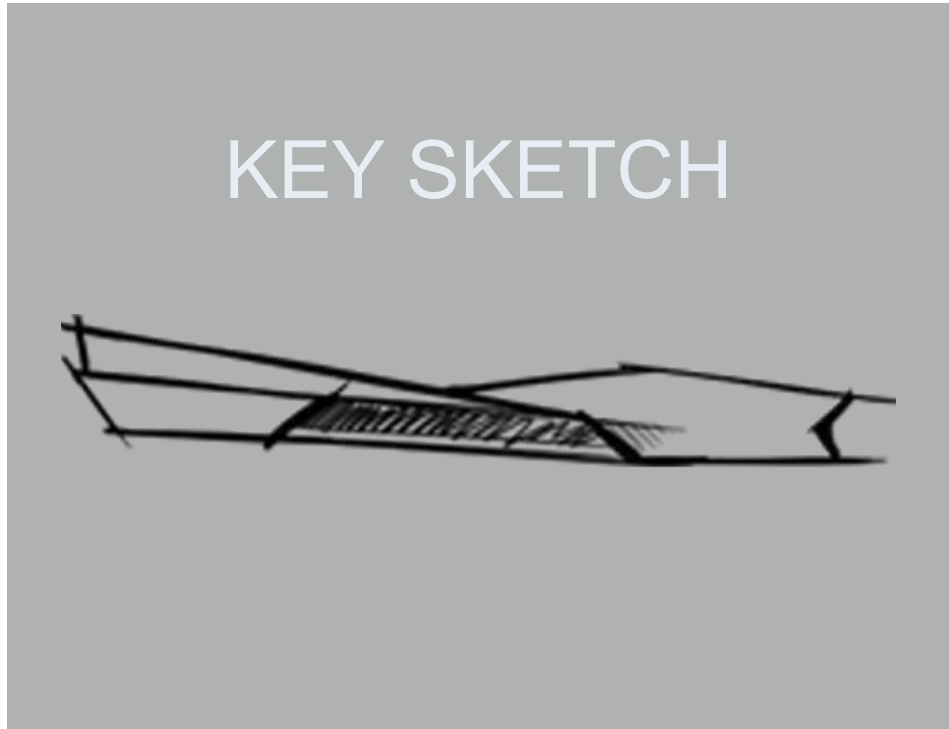

MOOD

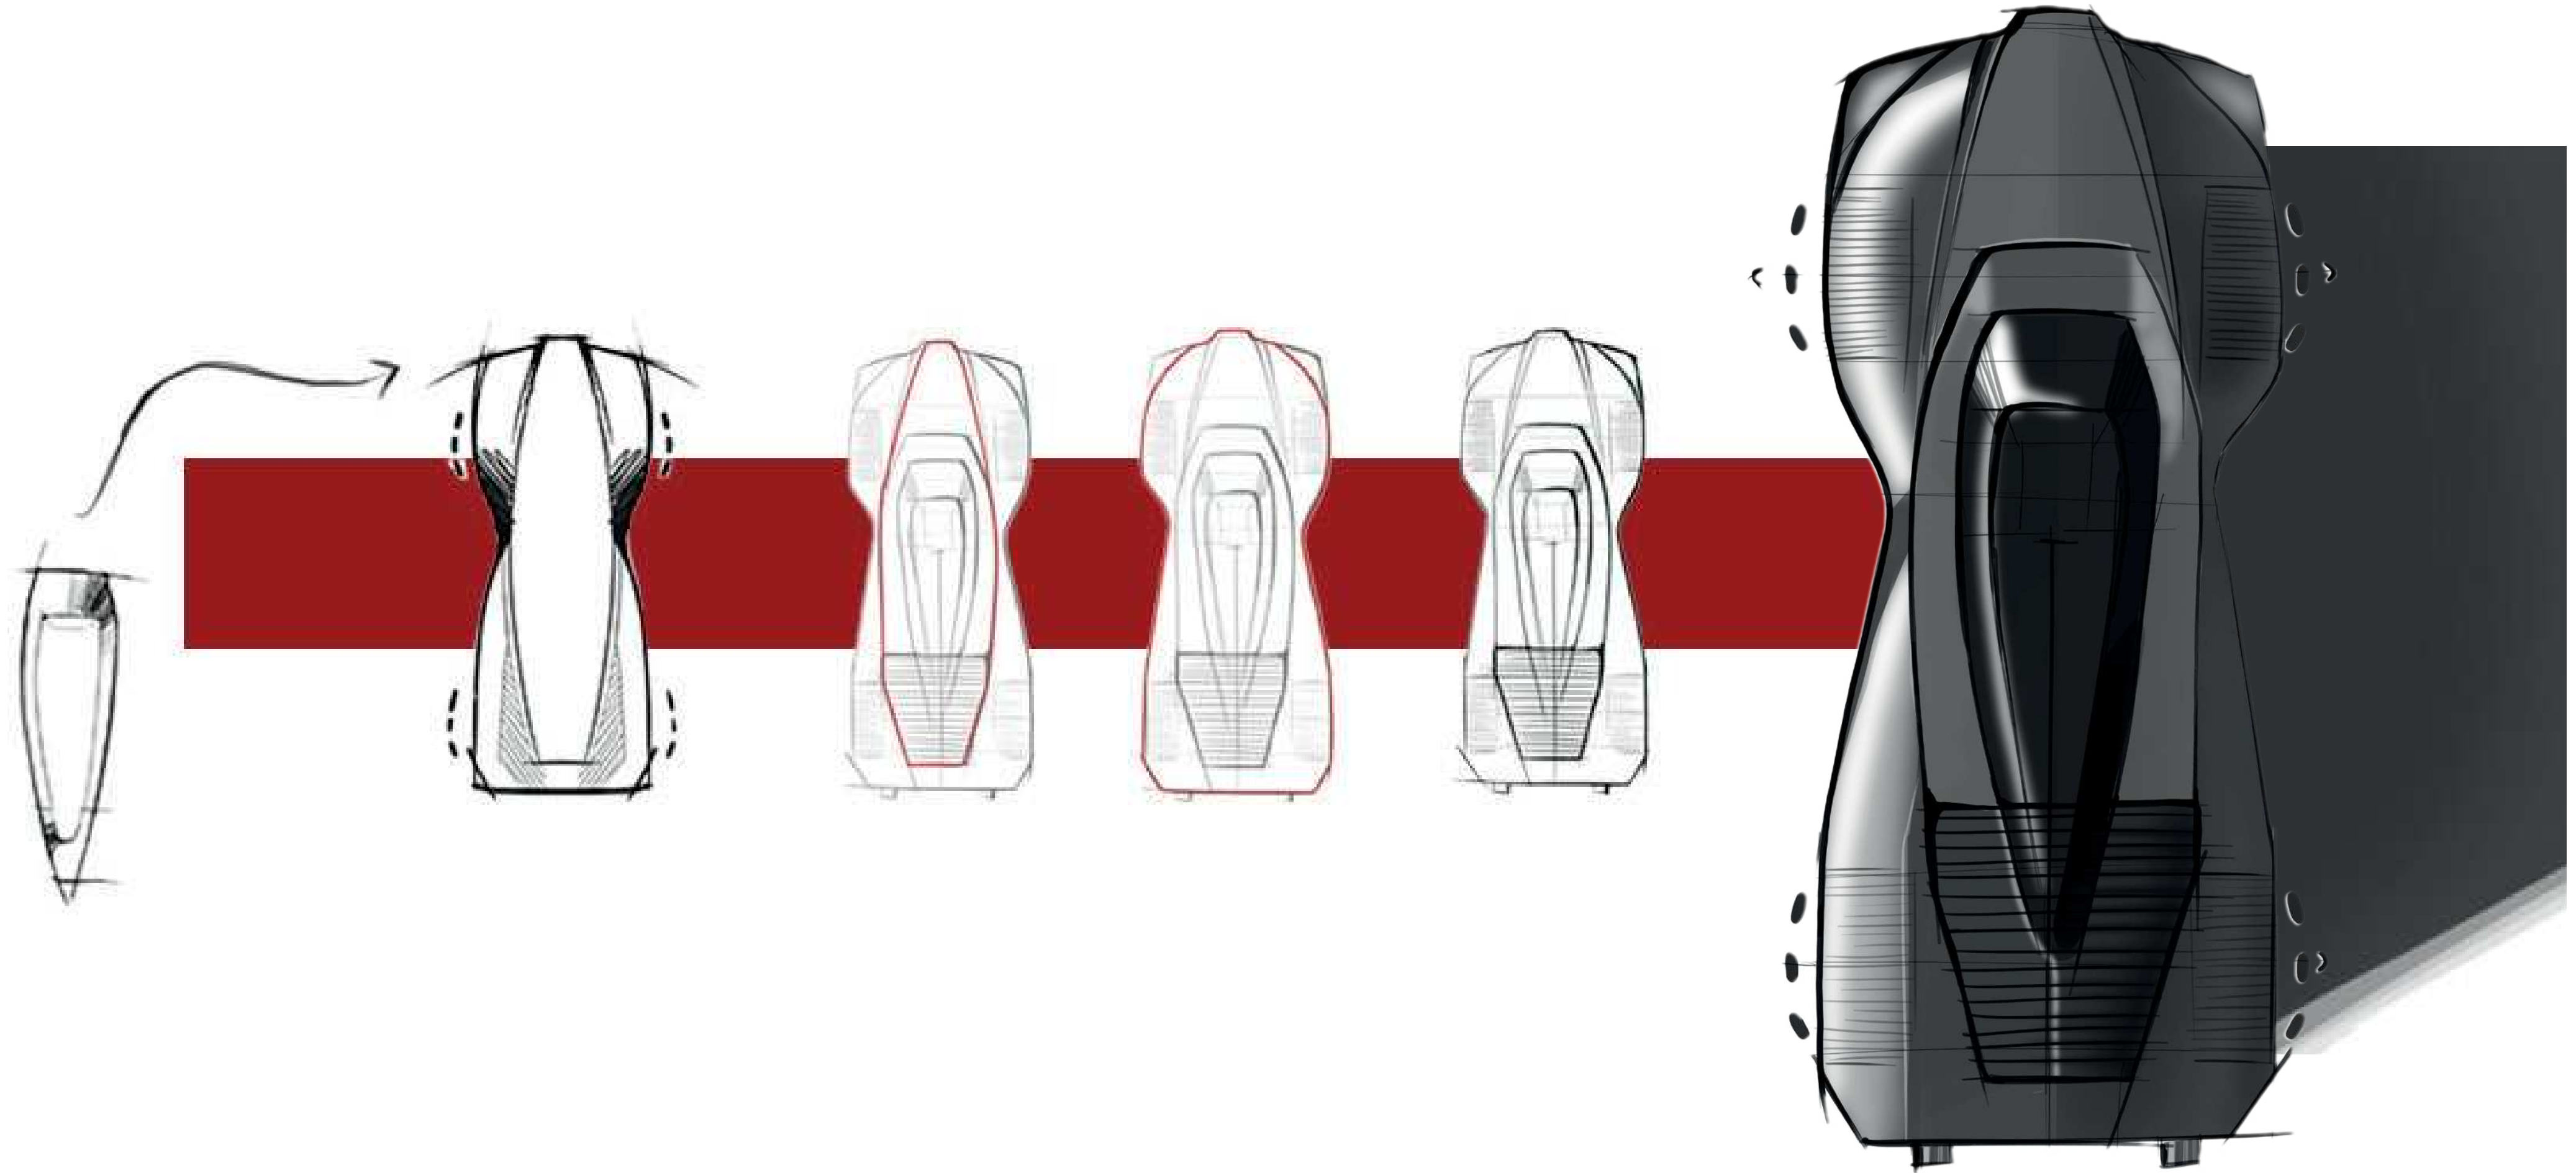

- 1- Satin metallic
- 2- Mesh
- 3- Matte Black
- 4- LED Light Guide

CONCEPT.

01.

INSPIRATION.

The design inspiration comes from the contrast between organic flowing lines and raw rugged surfaces, creating a balance between softness, nature, and the vehicle's outdoor strength.

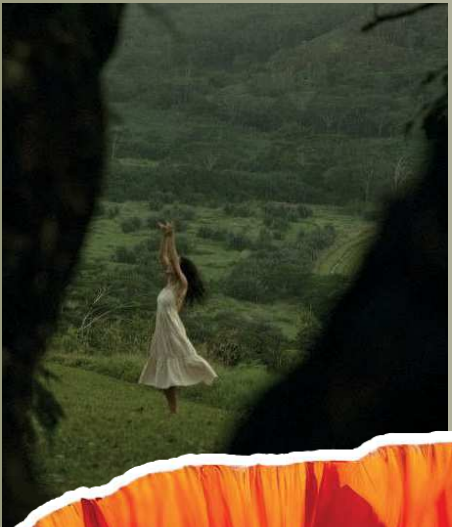

02.

CONCEPT.

The concept guides users from exploration to observation and intervention, creating an immersive connection between the vehicle, the user, and nature.

CMF.

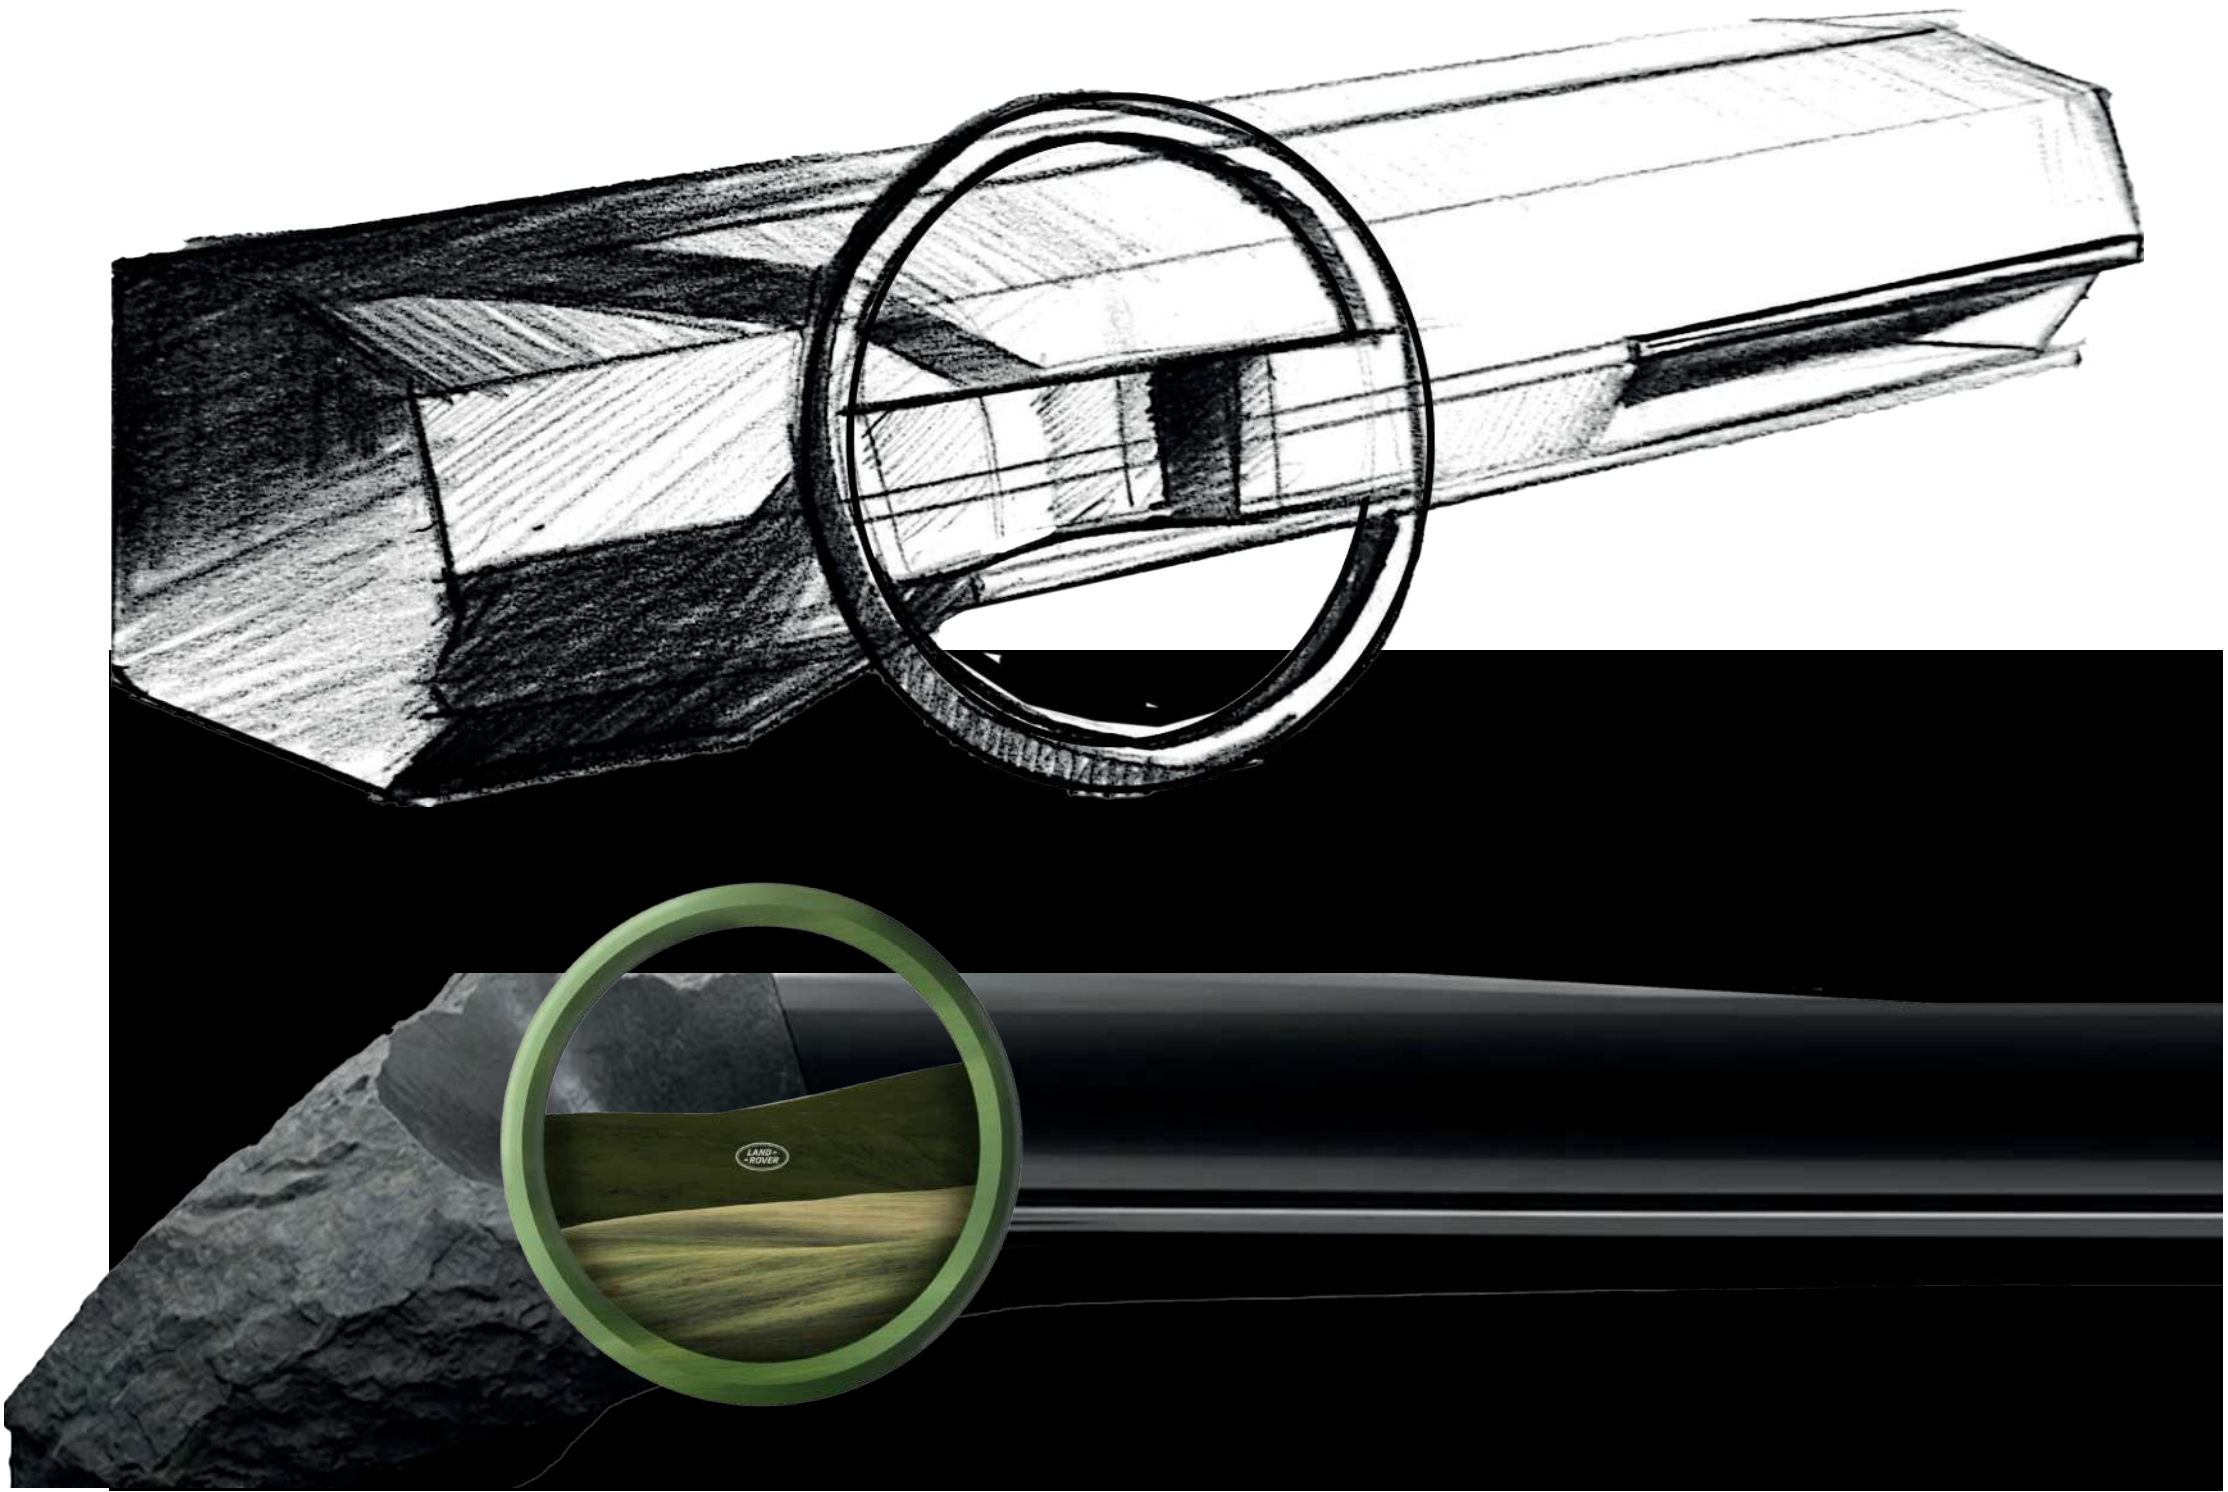

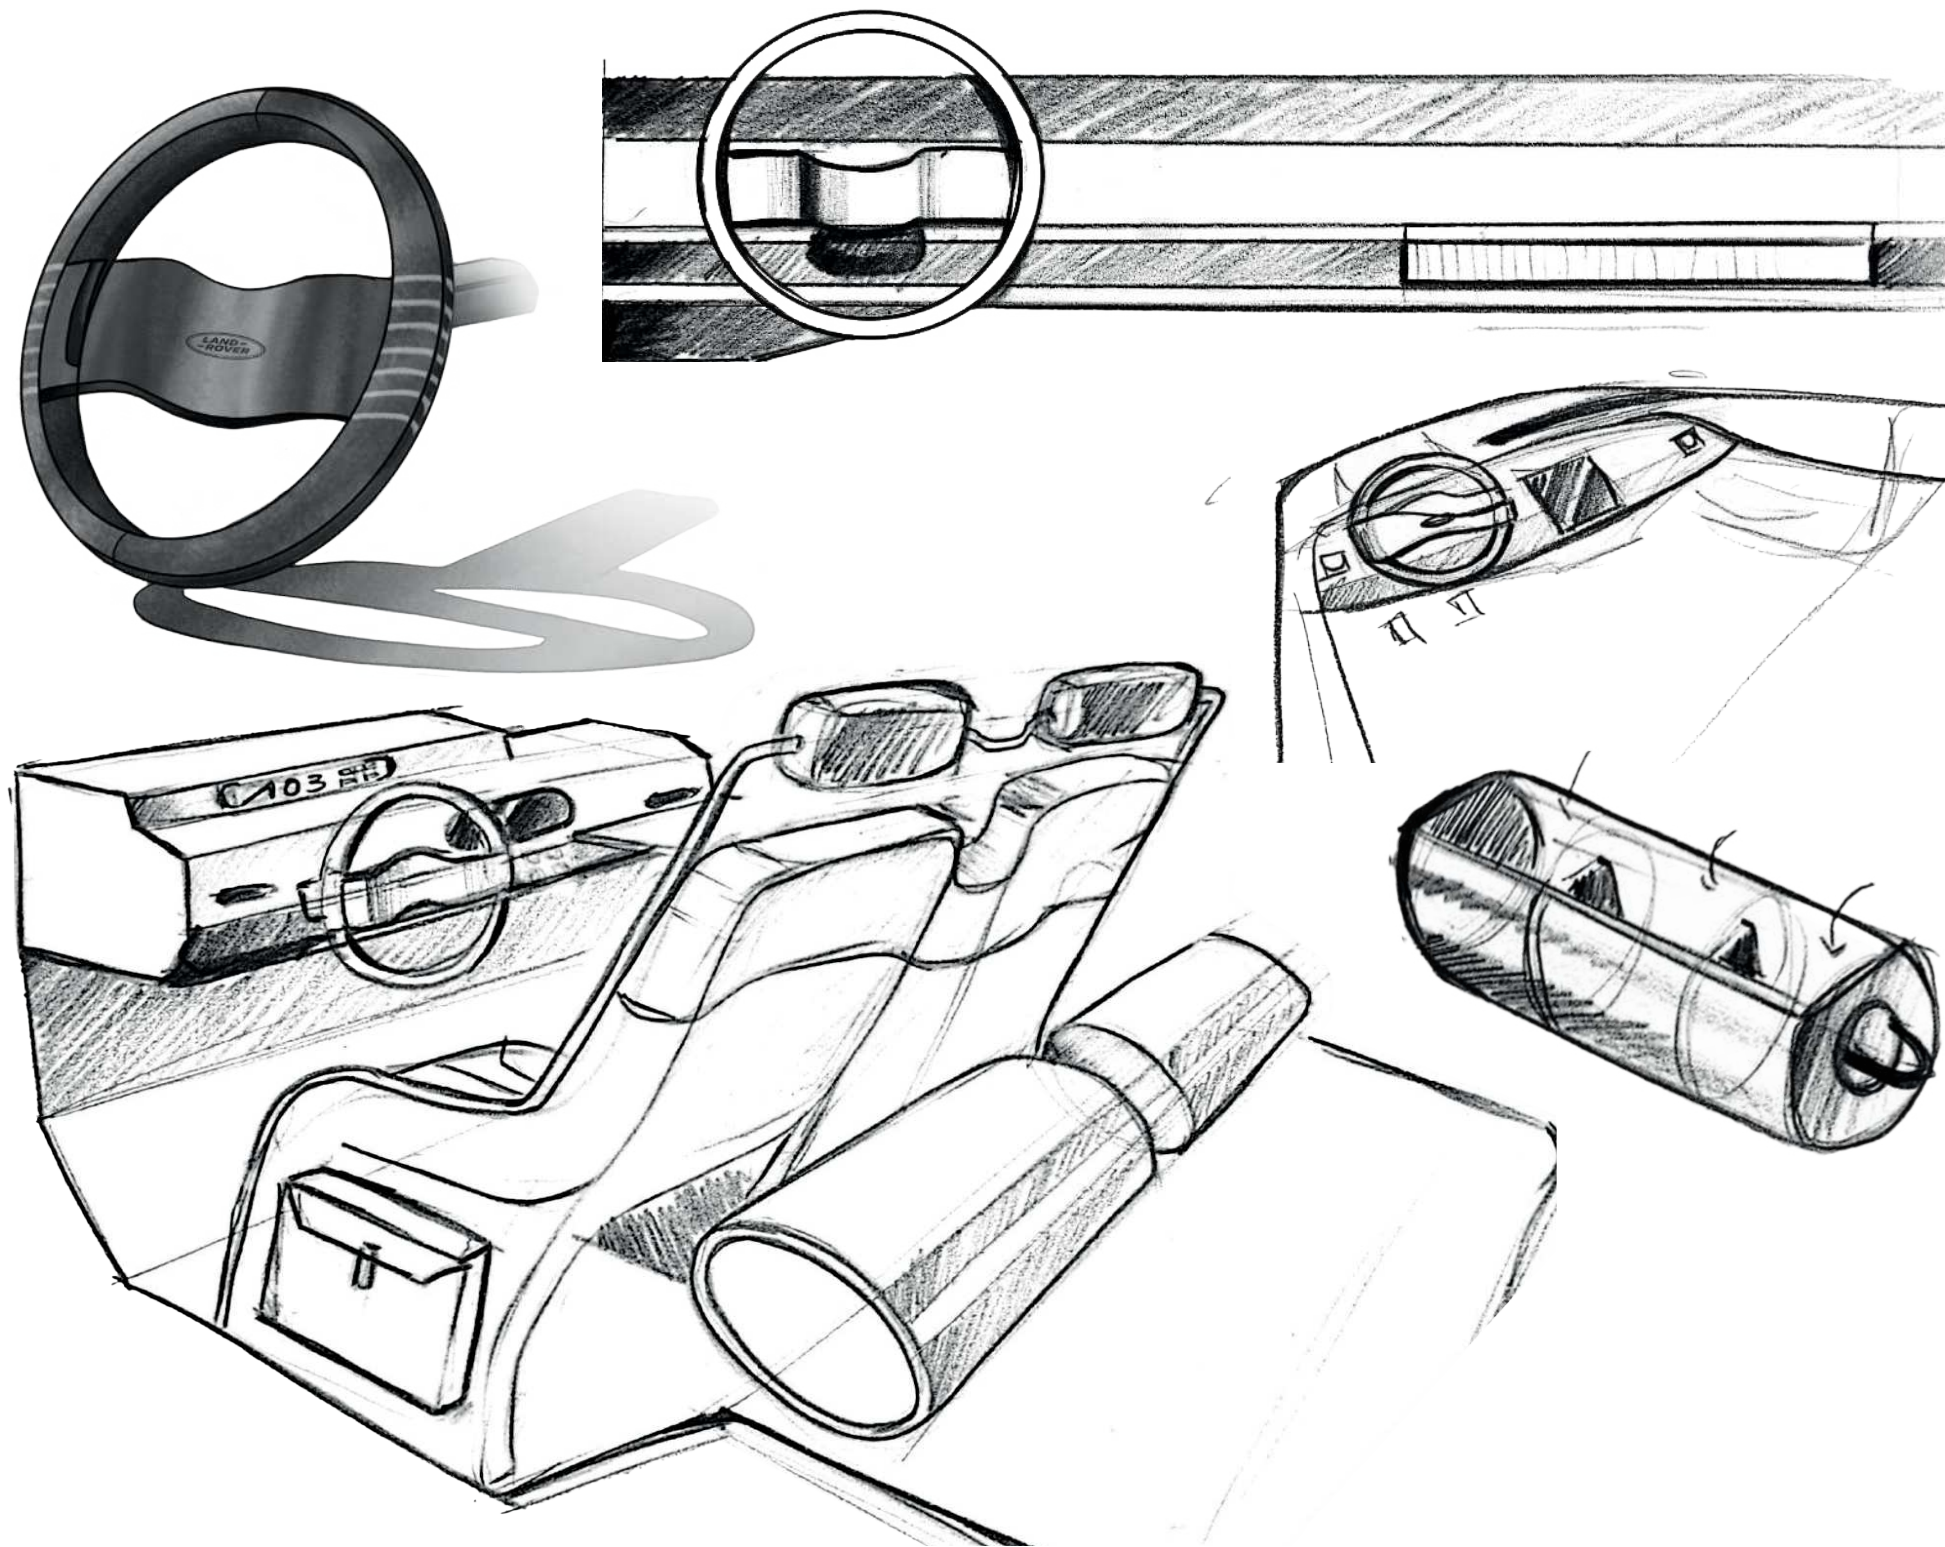

MOOD

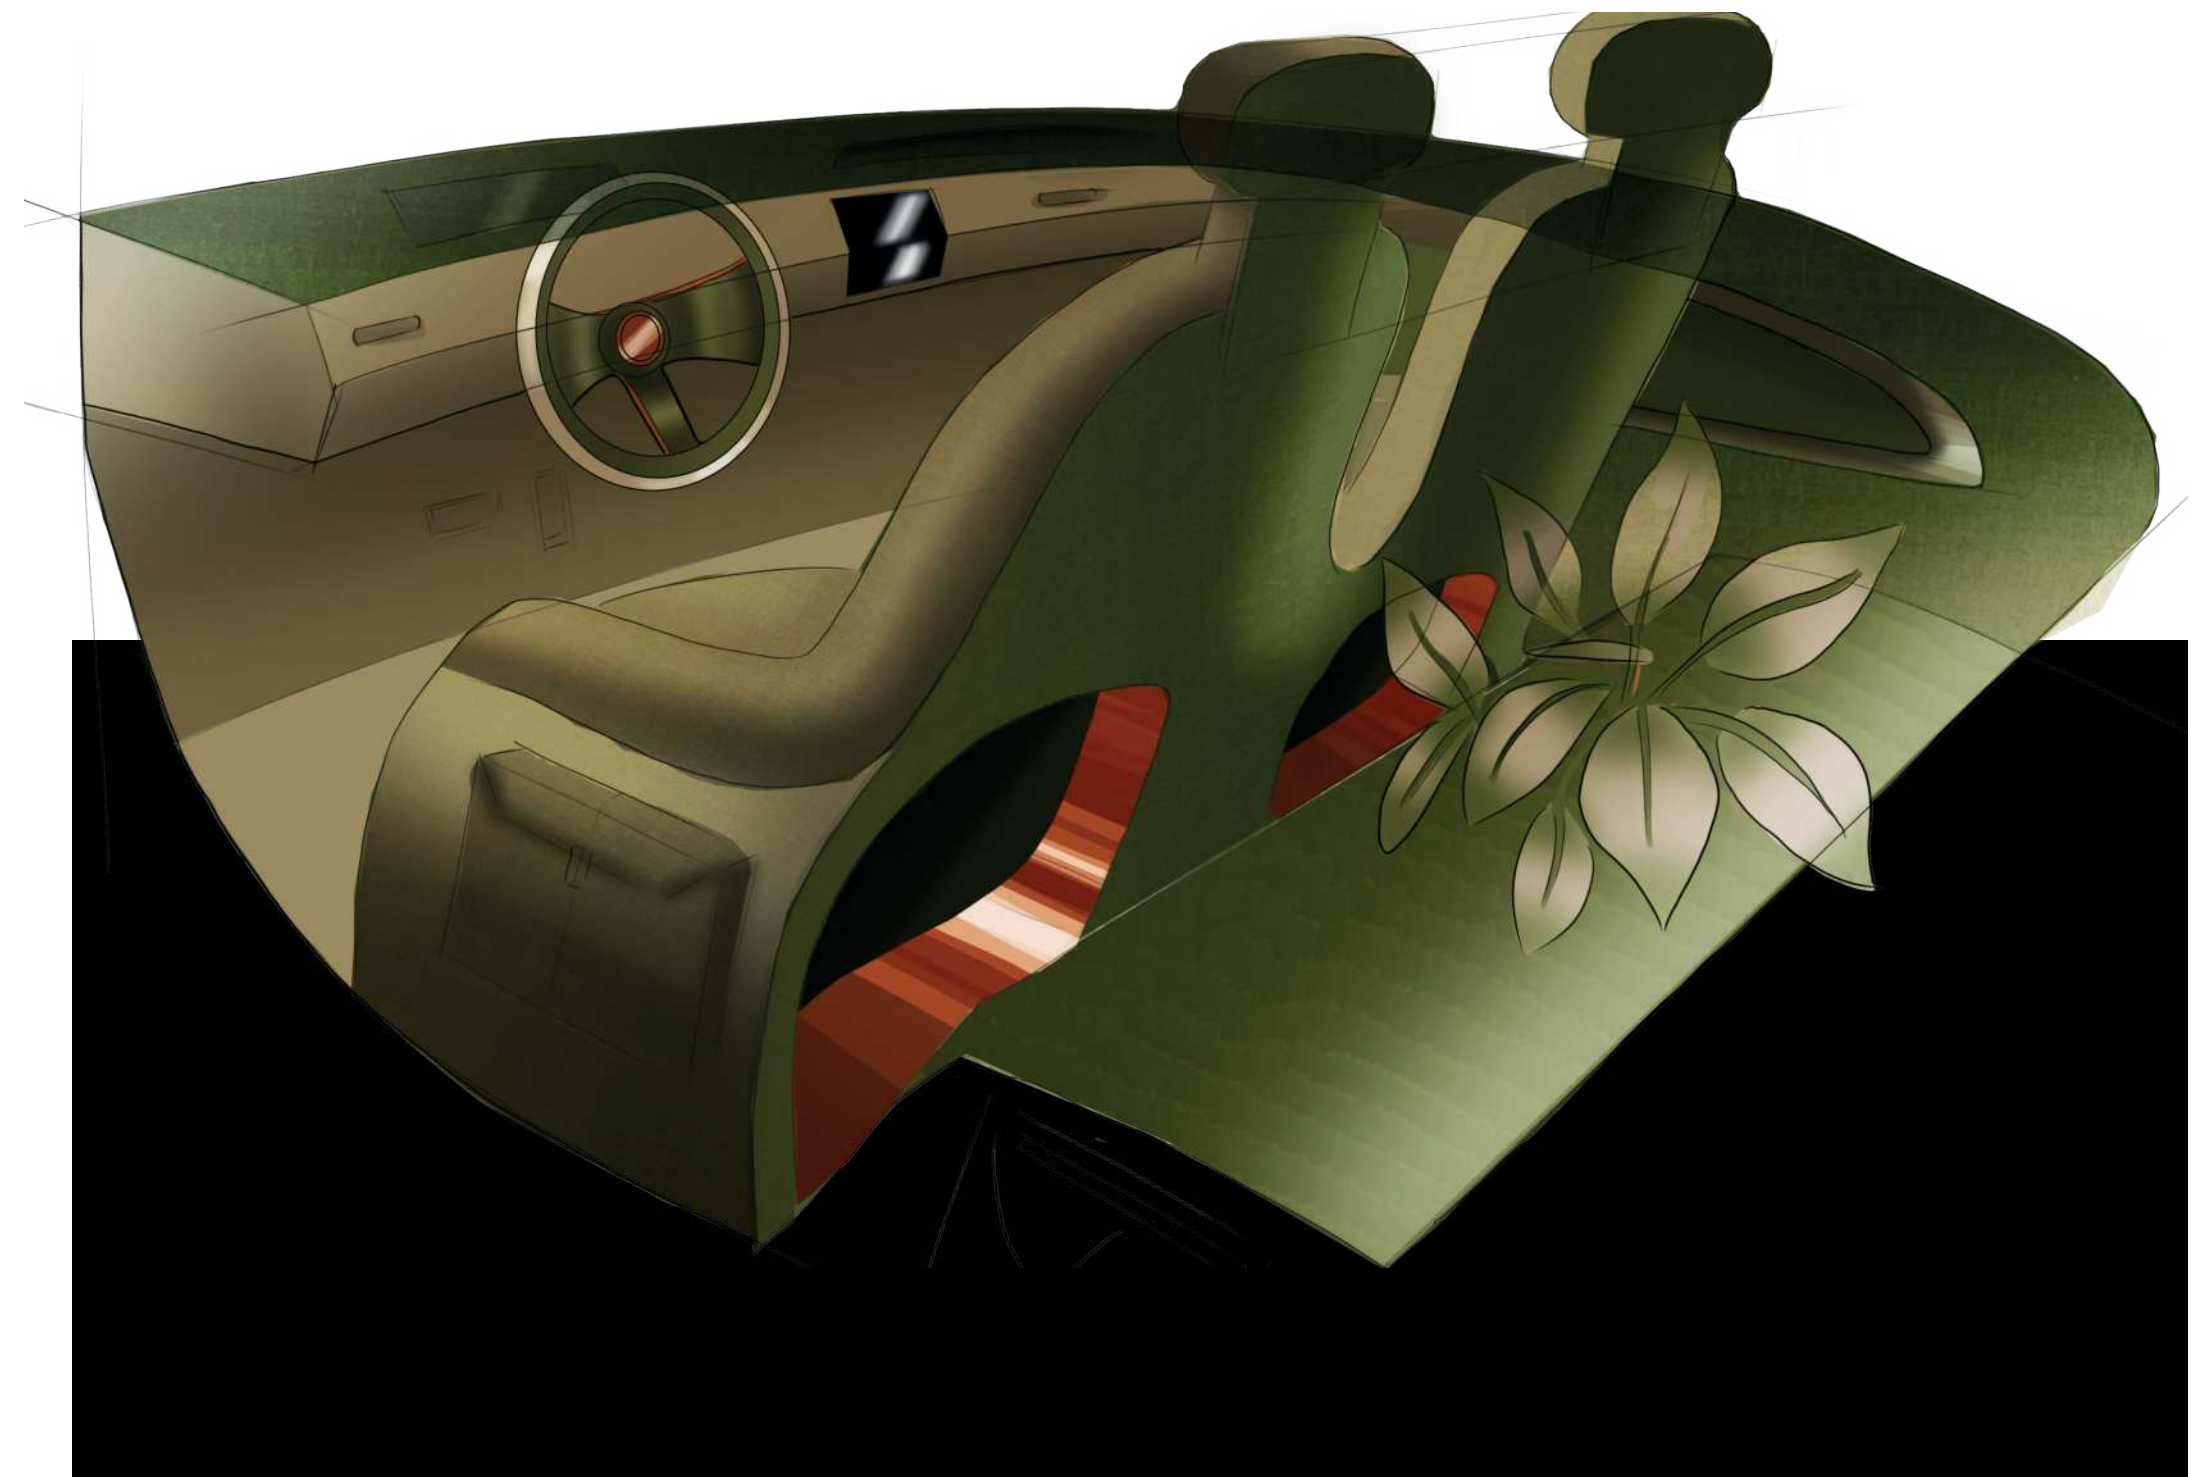

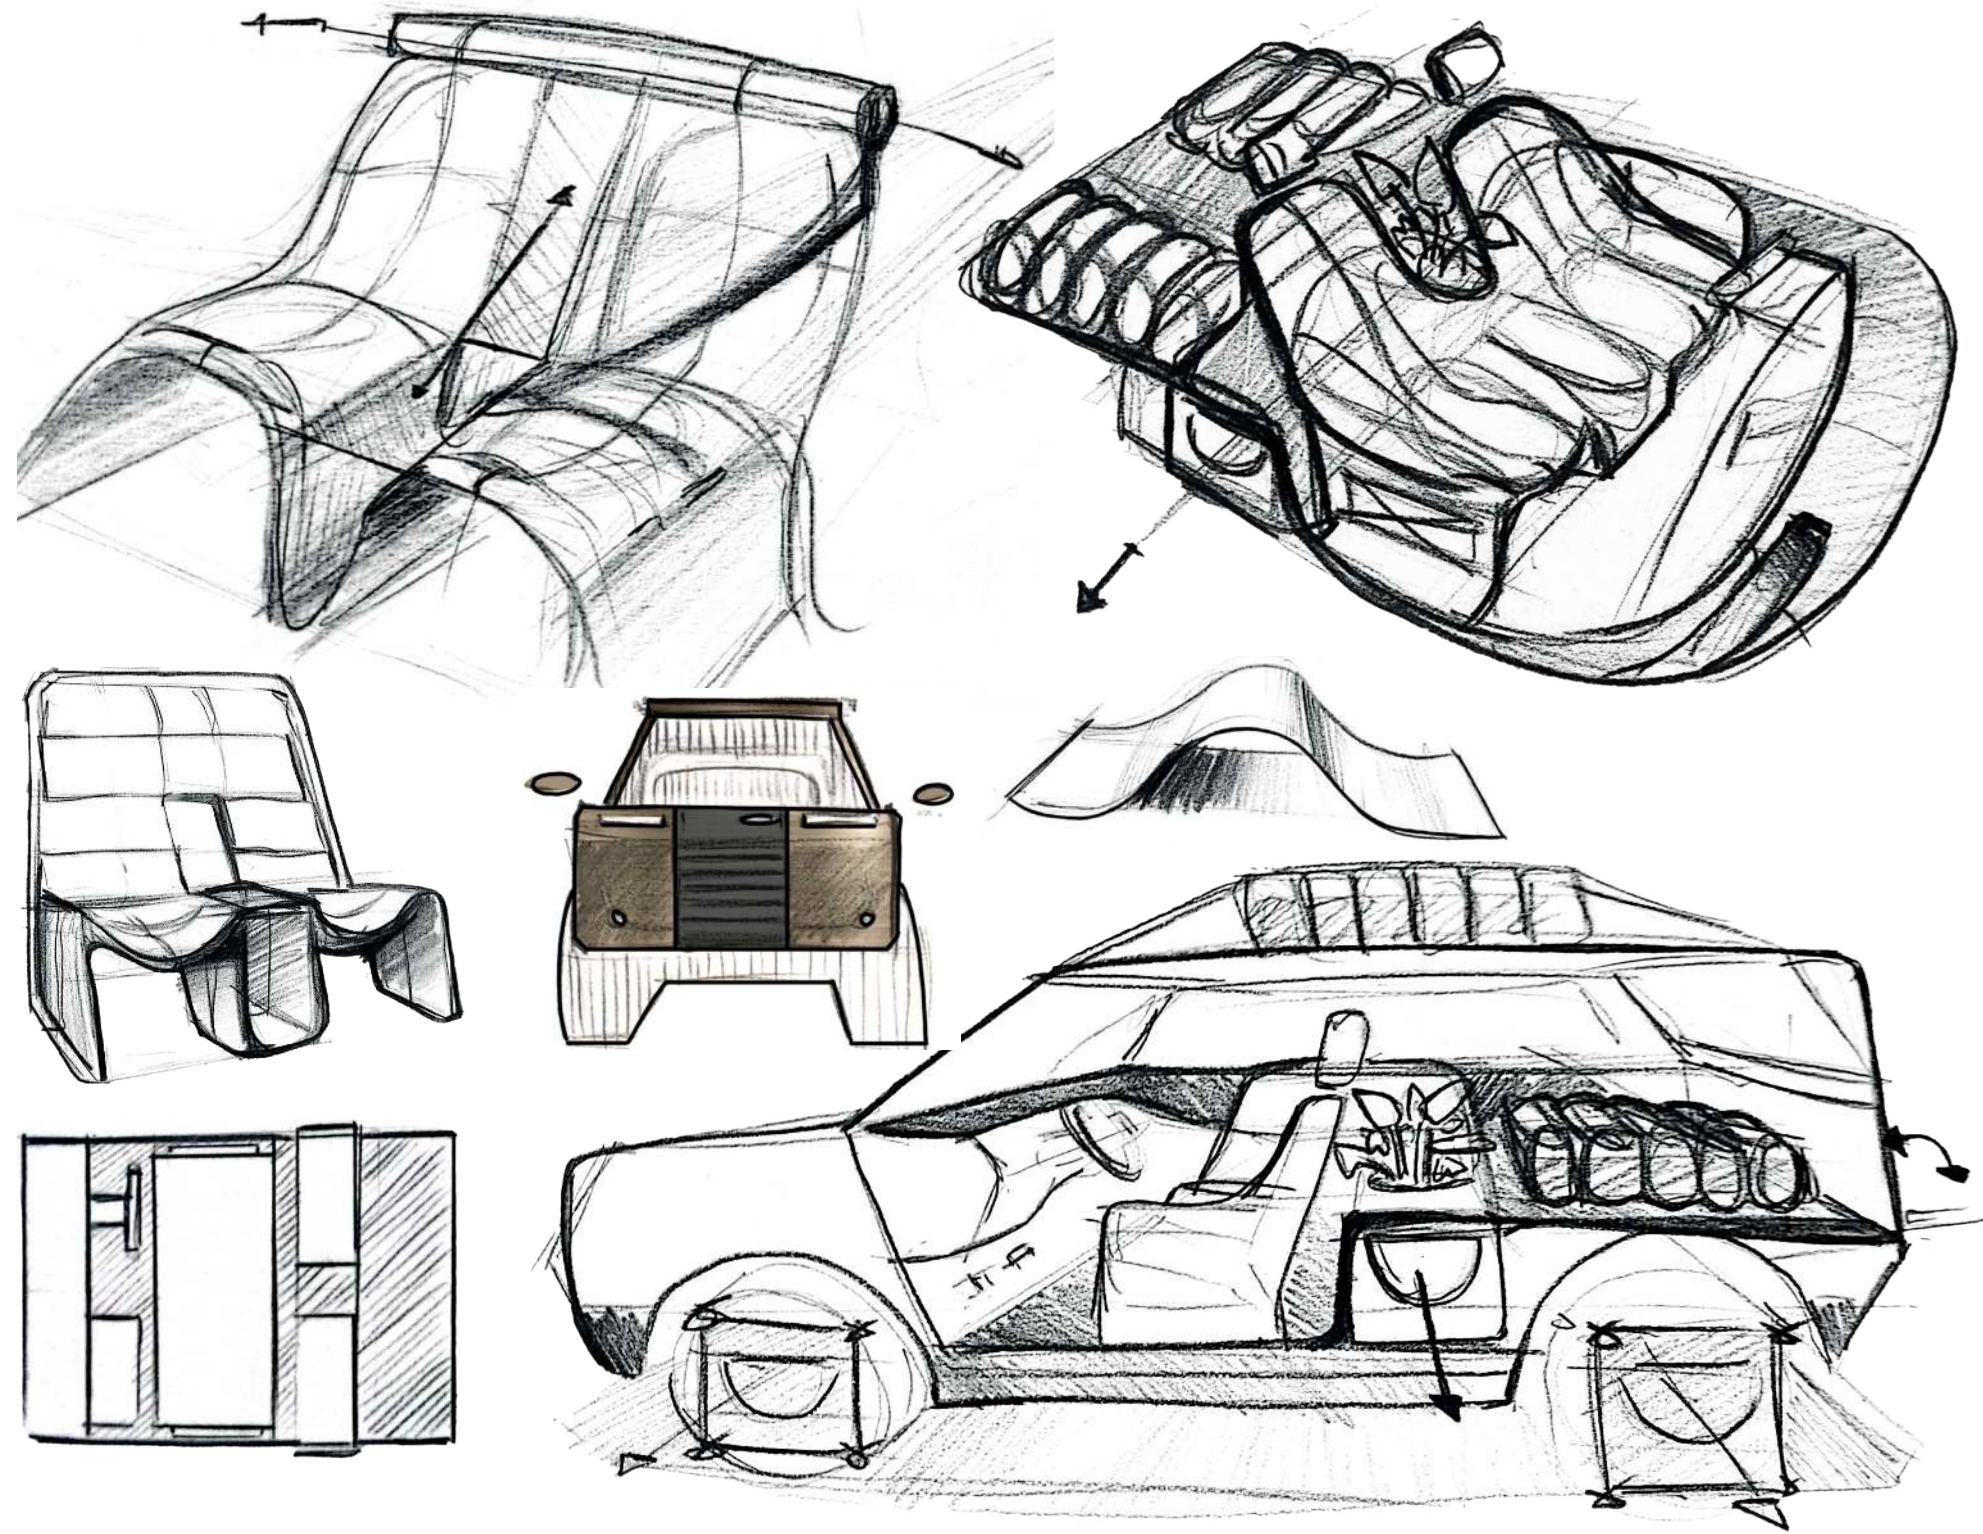

- 1- Gradient Fabric
- 2- Fluted Metal
- 3- Brushed Brass
- 4- Dual Texture
- 5- Fluid Satin

DEFINING.

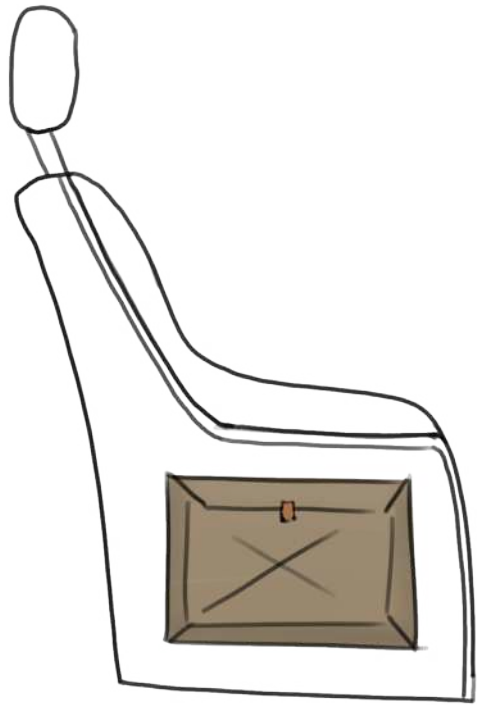

USAGE.

USAGE.

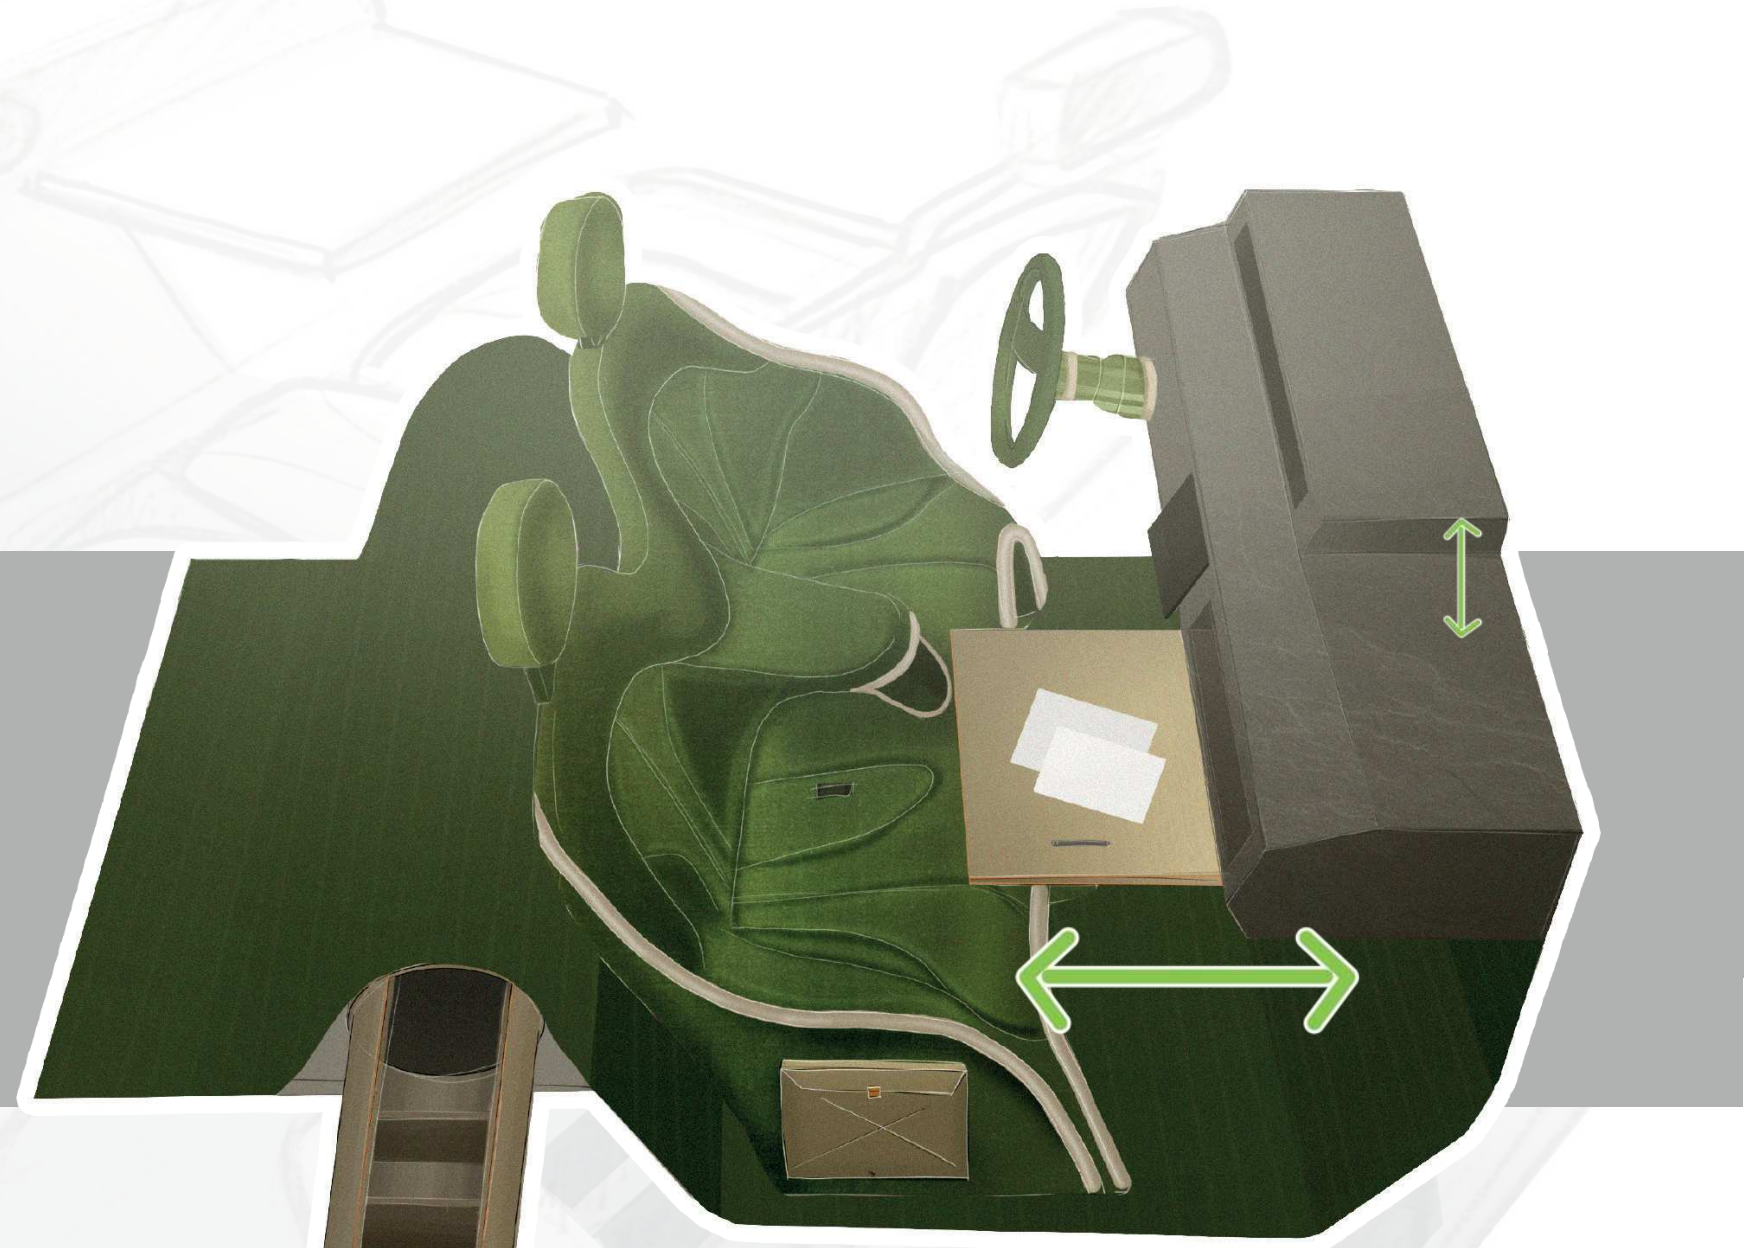

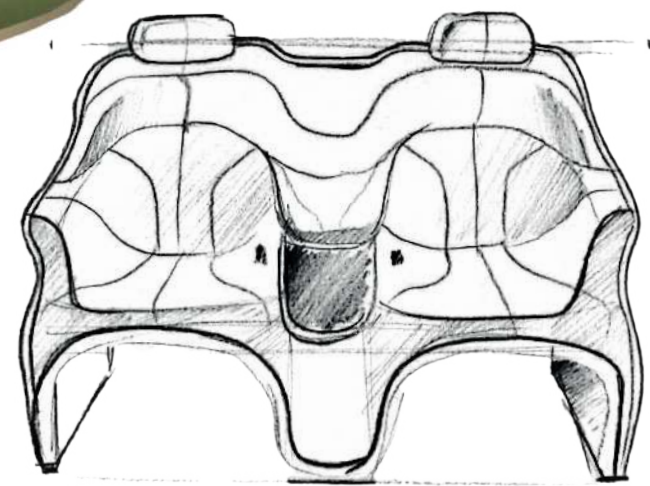

The side pouch attached to the seat can be detached and carried separately, allowing the user to keep an essential portable storage solution during outdoor activities.

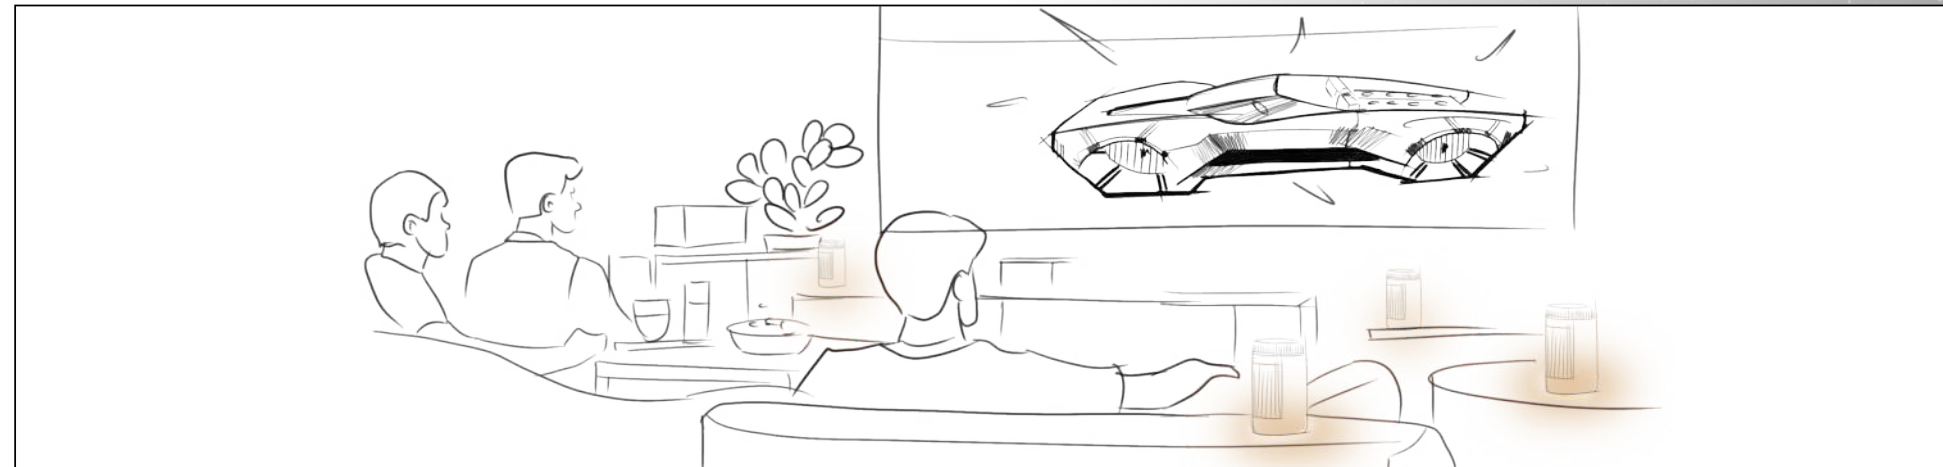

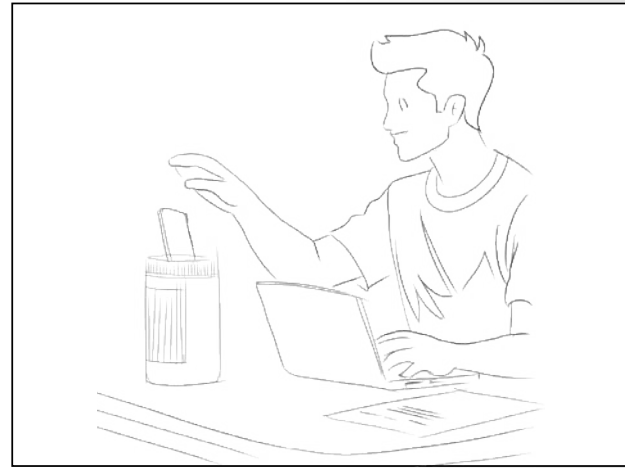

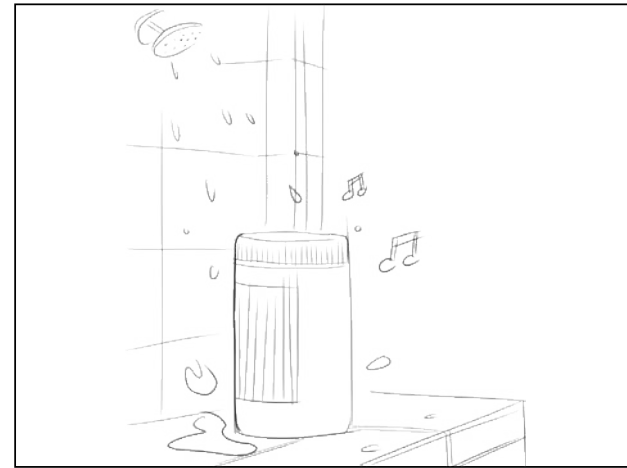

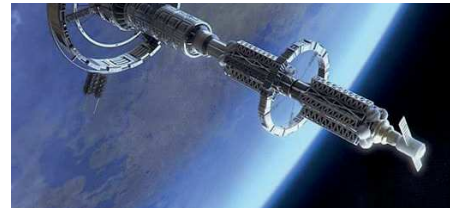

STORYBOARD.

The storyboard shows a user traveling in a vehicle, then extracting a built-in beverage module from the car's body to serve drinks during a stop.

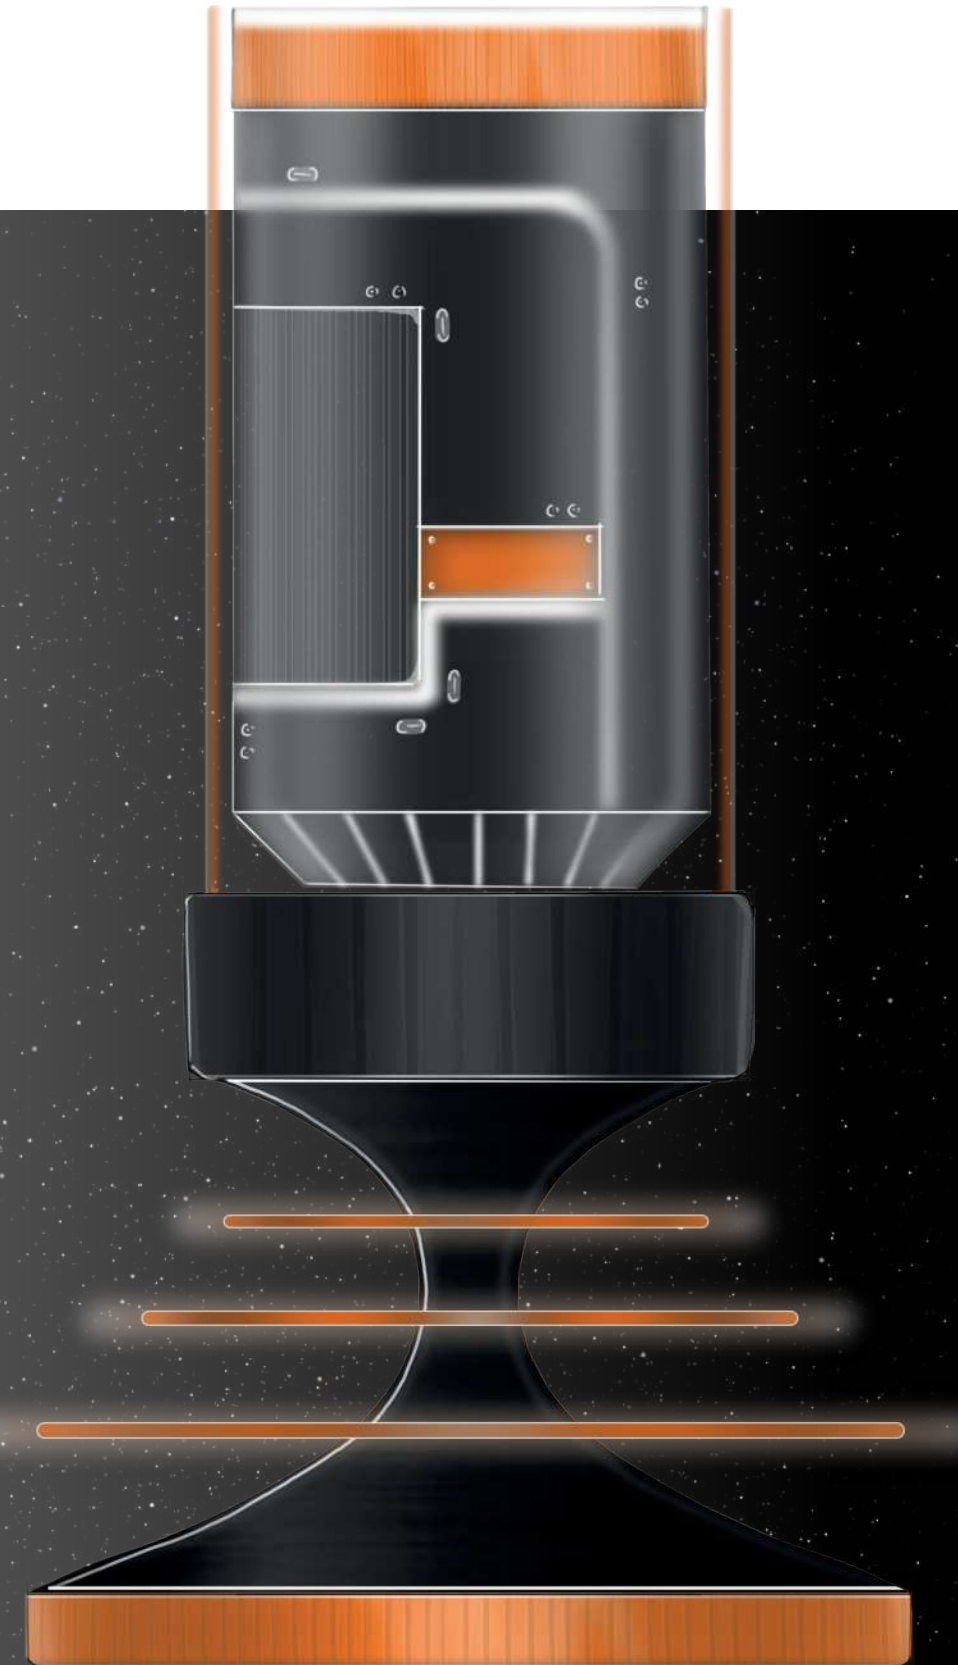

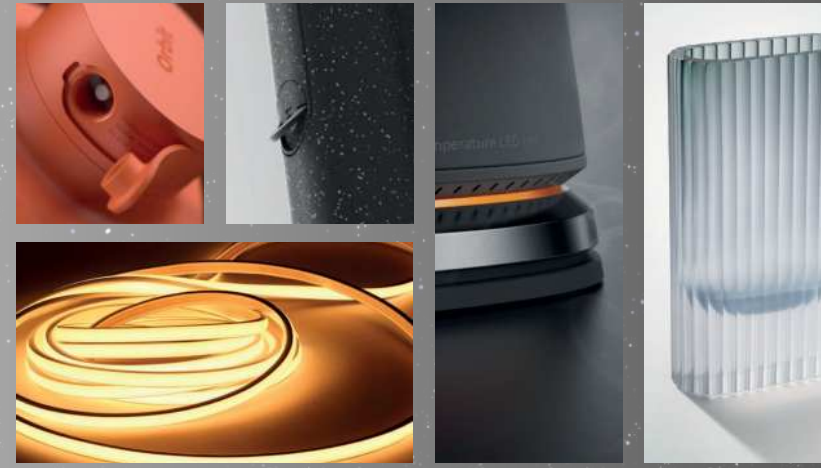

FINAL

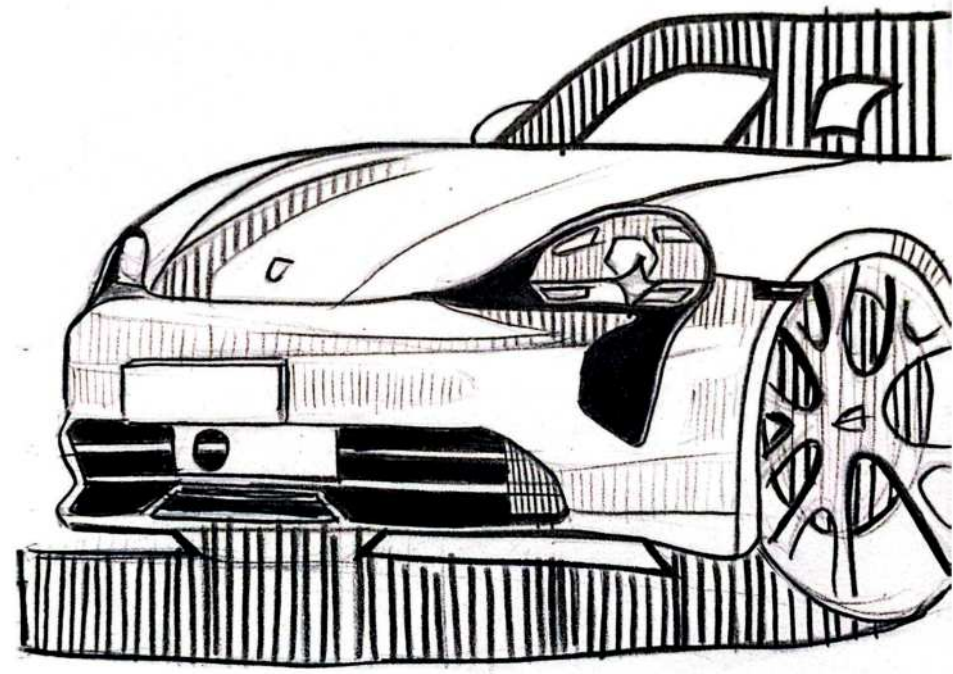

FREE WORK.

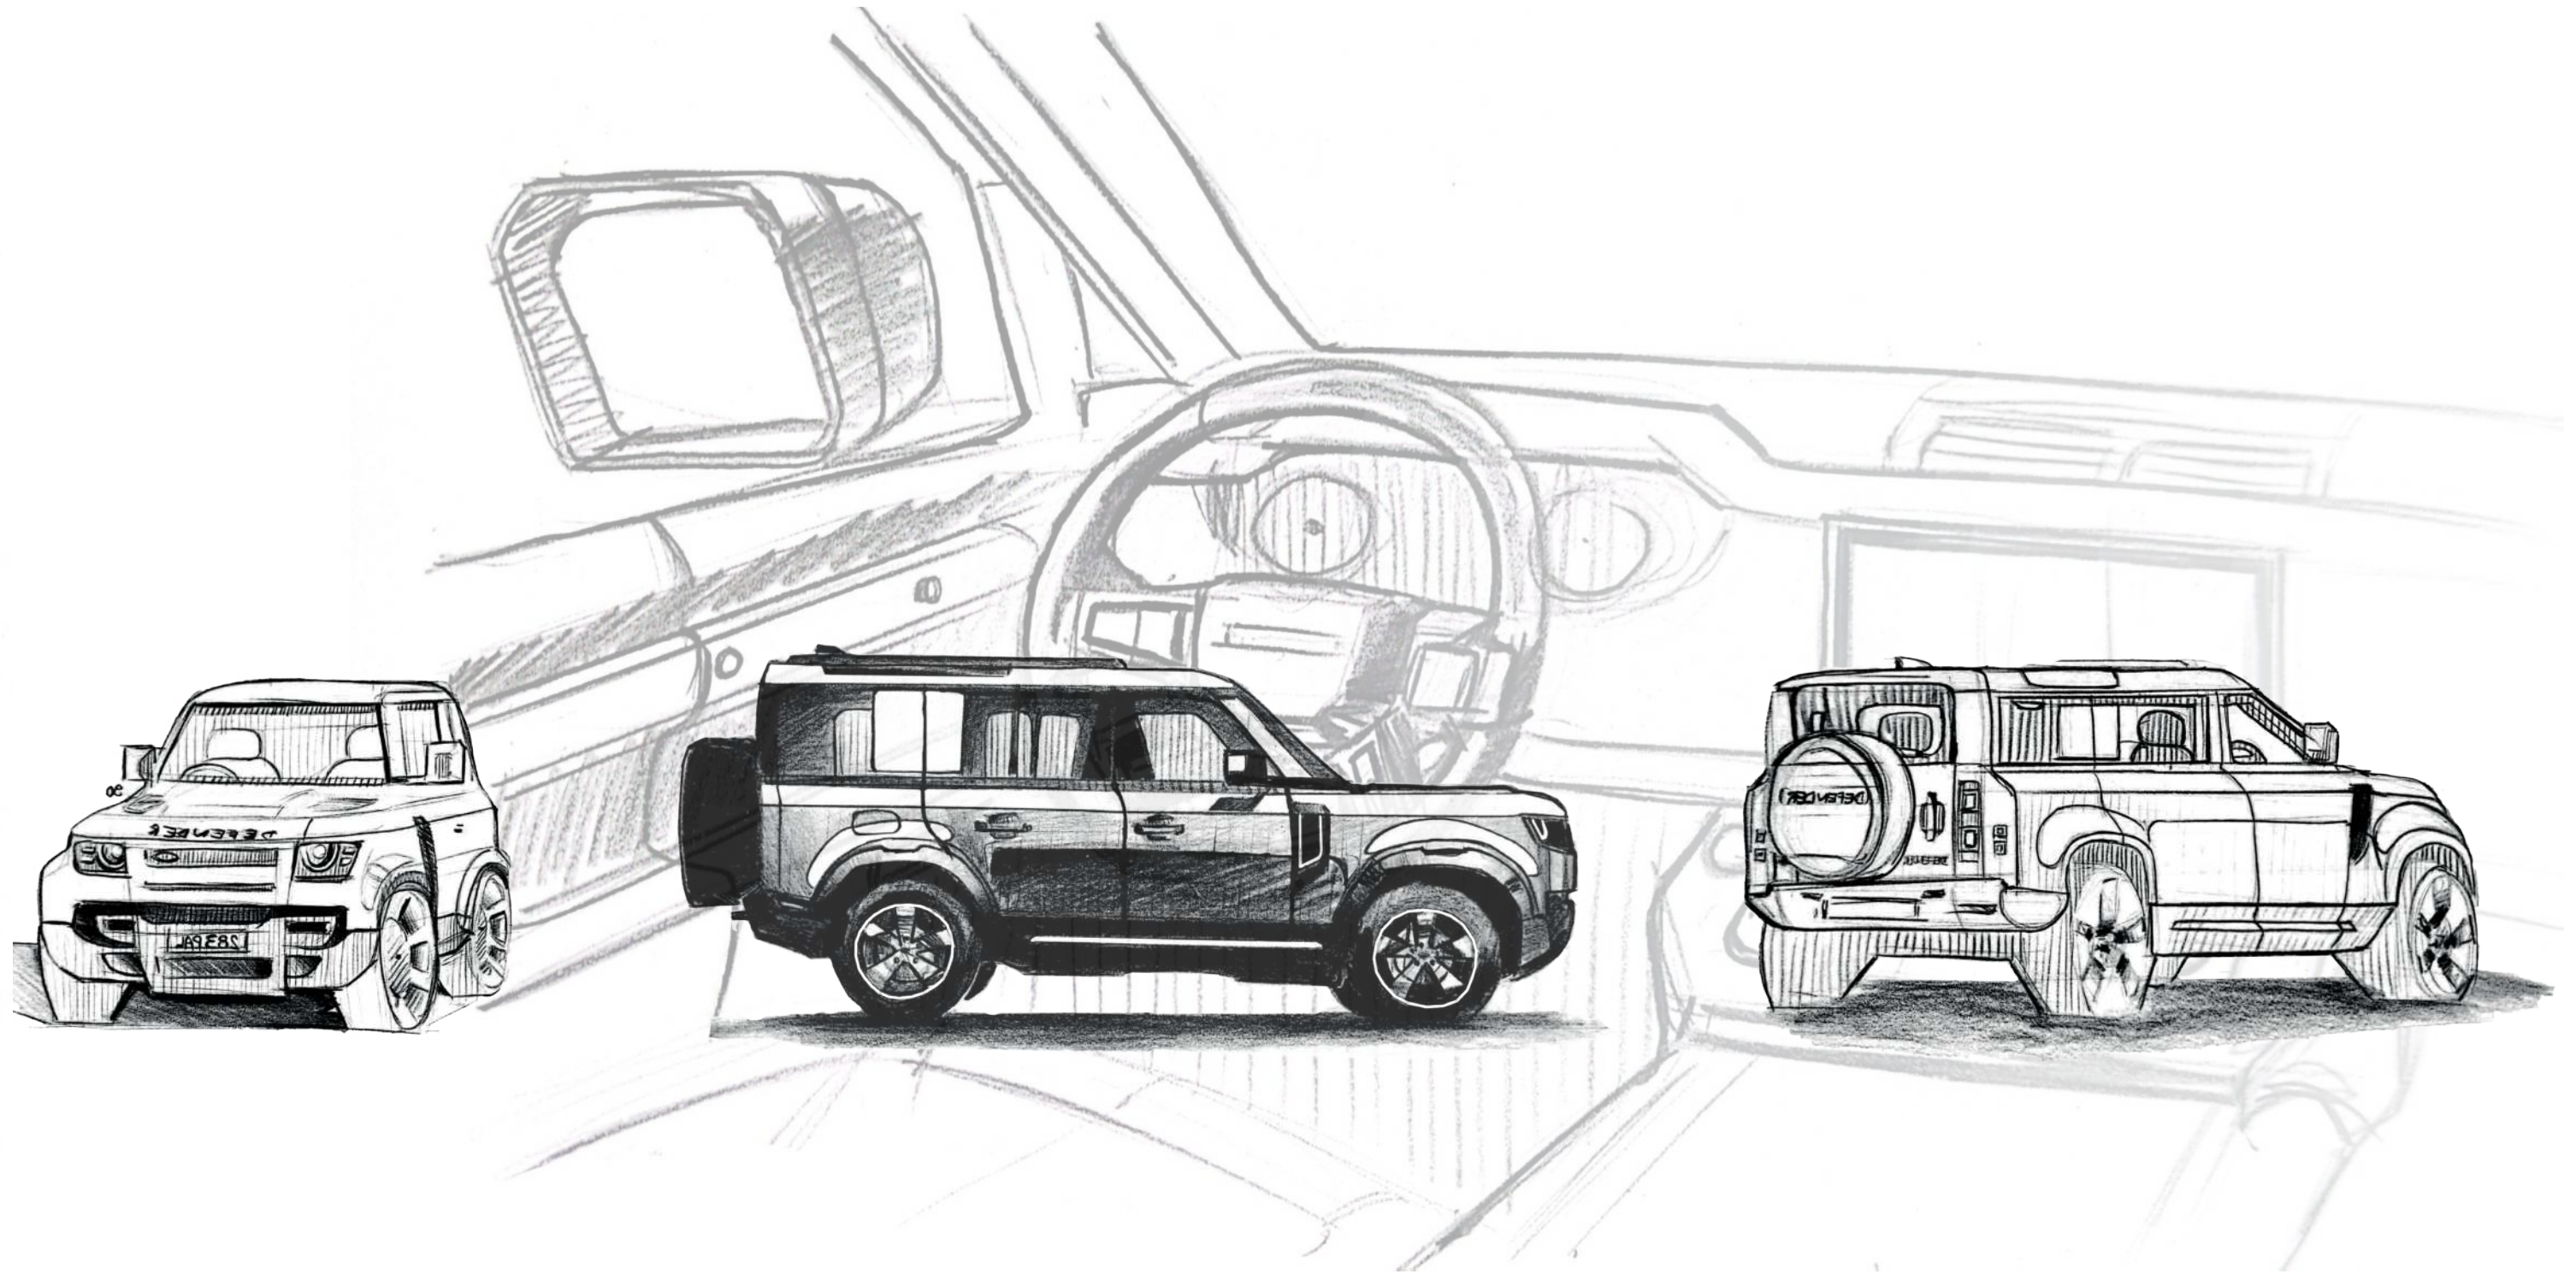

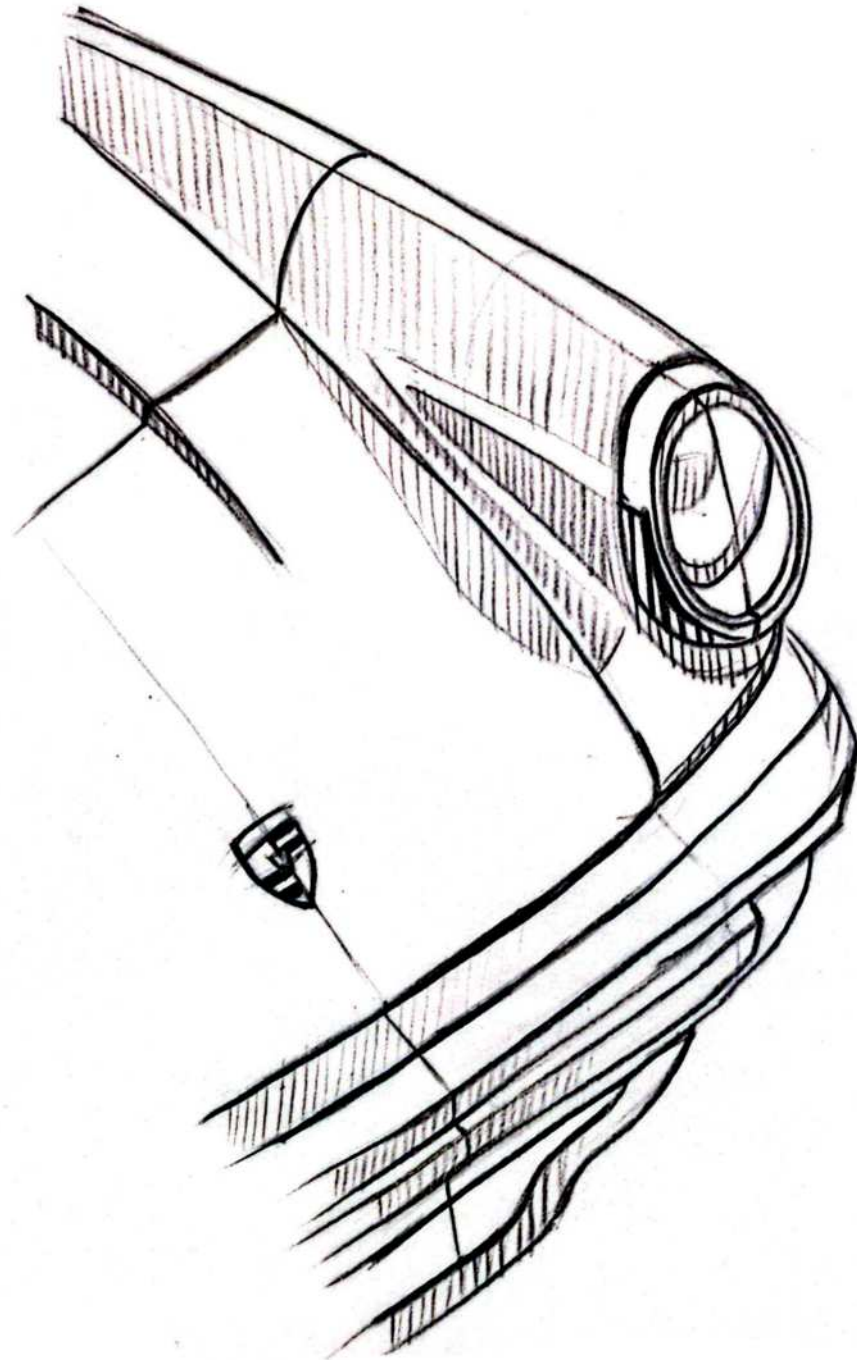

A smart speaker seamlessly blends into everyday life from morning showers and solo work sessions to shared meals with friends, until it transforms into a futuristic ambient device that fills the living room with light and presence.
